knowledge ideology reproduction is the first book length examination of the theses developed by louis althusser and his collaborators on the processes of class based educational formation and the function of schools drawing largely on unpublished writings that have been overlooked by scholars of both althusser and critical pedagogy this study reveals that for althusser and the groupe spinoza educational formation and the position of knowledge are central decisive issues in understanding the real forces driving the mechanisms of social reproduction this perspective enables a critical interrogation of knowledge transmission and opens up new possibilities for

transformative educational practices

virginia woolf s career was shaped by her impression of the conflict between poetry and the novel a conflict she often figured as one between masculine and feminine old and new bound and free in large part for feminist reasons woolf promoted the triumph of the novel over poetry even as she adapted some of poetry s techniques for the novel in order to portray the inner life woolf considered poetry the rival form to the novel a monograph on woolf s sense of genre rivalry thus offers a thorough reinterpretation of the motivations and aims of her canonical work drawing on unpublished archival material and little known publications the book combines biography book history formal analysis genetic criticism source study and feminist literary history woolf s attitude towards poetry is framed within contexts of wide scholarly interest the decline of the lyric poem the rise of the novel the gendered associations with these two genres elegy in prose and verse and the history of english studies virginia woolf and poetry makes three important contributions it clarifies a major prompt for woolf s poetic prose it exposes the genre rivalry that was creatively generative to many modernist writers and it details how holding an ideology of a genre can shape literary debates and aesthetics
