stella gibbons and winifred watson had much in common they all wrote novels full of comic moments which often challenged the cultural politics of the interwar period drawing on the literary and critical contexts of each novel the essays here discuss the use of comic structures that enabled the authors to critique the dominant patriarchal structures of their time and offer an alternative sometimes subversive view of the world in which their characters reside this book contributes to the growing scholarly interest in interwar fiction focusing principally on novelists who have fallen out of public view it widens our understanding both of the authors and of the continuing highly topical debate about interwar women novelists
