presenting the history of relations between the european union and japan this book explains the origins and significance of the momentous 2018 economic partnership agreement and its parallel strategic partnership agreement set within the historical context of the 1991 hague declaration and action plan of 2001 this book analyses the impact of recent background changes to the liberal trading order the proliferation of free trade agreements and uncertainty about role of the united states in the world on relations between japan and the eu adopting a path dependent approach it illustrates how these agreements were reached as a result of growing patterns of cooperative behaviour between the eu and japan and the imprint of shared past experiences in areas from trade to security in so doing this book also raises important questions about the future of multilateral cooperation exploring the potential for bilateral agreements to undermine the possibility of finding international solutions to increasingly international problems eu japan relations and the crisis of

multilateralism will appeal to students and scholars of european and japanese politics and international relations as well as policymakers internationally with an interest in these significant agreements

the historical dictionary of historical dictionary of postwar japan relates the history of postwar japan through a chronology an introductory essay a bibliography and hundreds of cross referenced dictionary entries on significant persons events places organizations

takao tanase seamlessly combines sociolegal and philosophical analysis as he explores the tensions between individual legal rights and communitarian values in settings ranging from post divorce visitation rights to tort liability lawyer client relationships and rising litigation rates contrasting japan with the individualistic thrust of american law tanase stresses the importance of building legal processes that encourage stronger social and communal bonds students of law and society on all continents will find rich food for thought in this intellectually bold and intriguing volume robert a kagan university of california berkeley us takao tanase s community and the law is a path breaking and often surprising interpretation of legal culture in japan which includes subtle analyses of the changing role of lawyers and courts and the extent to which modernity and reliance on law are interlinked but it is much more than that his reflections on the different way law responds to social dilemmas in japan and the usa are the building blocks of a much more ambitious project no less than constructing a coherent account of what law can and should do to maintain communal ties in postmodern times the book is a pleasure to read for its learning and sophistication nottage and wolff also deserve high praise for their light touch as editors and translators david nelken university of cardiff uk and university of macerata italy this important book translates seven landmark essays by one of japan s most respected and influential legal thinkers while takao tanase concedes that law might not matter as much in japan as it does in the united states in a provocative challenge to socio legal researchers and comparative lawyers he asks why should it the issue he contends is not whether law matters to society it is how society matters to law developing a descriptive and normative theory of community and the law the author directly challenges the view that legal liberalism represents the pinnacle of legal achievement he criticises liberalism for destroying community in the united states and for offering false hope for a delayed modernity in japan by applying a distinctive interpretivist methodology he constructs a communitarian model of law and society that serves as an alternative to legal liberalism the book challenges conventional understandings of such legal sociological staples as torts lawyers

ethics family law human rights constitutionalism and litigiousness this fascinating book will prove a stimulating thought provoking read for researchers and scholars of law japanese and american studies sociology and jurisprudence

the materials collected in this volume all concern the translations of and receptions to adam smith s the wealth of nations in ten non english speaking countries the wealth of nations provides the perfect basis for studying the international transmission of economic ideas as it is generally considered to be the foundation of modern political economy and still continues to be read after more than two centuries its appeal crosses national cultural and ideological boundaries countries investigated here range from china to sweden and its enduring popularity is indicated by its status as the most translated economics book in history adam smith across nations includes numerous sections which will of invaluable assistance to any smith researcher as well as presenting reviews and analysis from each country from the 18th century to the present day an appendix lists editions of the wealth of nations in 18 languages enabling the reader to understand the speed and number of translations most importantly an introductory overview synthesises current research on the economic ideological context in the individual countries when the wealth of nations was introduced the motives behind its introduction its immediate reception and the nature of the objections to smith s doctrines professor lai concludes that smith s impact outside english speaking country was predominantly limited to the realm of ideas few of his policy recommendations were put into practice

in a future where earth teeters on the edge of collapse humanity looks beyond the stars for salvation the crowded resource depleted planet finds a glimmer of hope in the asteroid belt home to the remnants of an ancient and advanced civilization known as vulcan among the debris of their lost world lie treasures far beyond material wealth secrets that hold the power to reshape humanity s fate as a diverse group of explorers treasure hunters scientists and spiritualists converge on the asteroid belt they quickly realize that vulcan s legacy isn t just about forgotten technologies the true riches of vulcan lie in the experiences connections and ancient wisdom that challenge their very understanding of existence each faction whether driven by greed discovery or reverence embarks on dangerous missions to uncover the relics of vulcan with rivalries boiling and agendas clashing the journey takes them through ancient traps mind bending puzzles and moral challenges that test not only their courage but their capacity for trust and empathy along the way they discover that vulcan s greatest

lesson is one of unity true wealth comes not from resources but from shared purpose and the bonds forged through adversity as tensions rise and factions prepare for a climactic confrontation these unlikely allies must decide whether they will repeat the mistakes of the past or rise above their differences to create a future that honors vulcan s enduring legacy in the end the lessons they learn may just be the key to not only saving earth but unlocking the next evolution of humanity scattered gods recycling vulcan is a thrilling exploration of ancient civilizations cosmic mysteries and the discovery that the most valuable treasures are the relationships and adventures shared along the way
