every recipe has a story and every story has a secret for folks in tatatonka iowa the best recipes in town and therefore the best secrets have long been kept in the coveted recipe book of local cooking legend trudie melody when trudie becomes ill her granddaughter successful at least by tatatonka standards garden gnome maker margot decides it s no time to be timid and boldly asks for the recipe book thinking she s secured the book for herself margot s life goes into a tailspin when after her grandma s death a crooked probate lawyer determines the book will go to sheryl margot s shrewd first cousin who needs the book to bail out her flailing career margot s only recourse is to sue sheryl before she can take possession of the treasured book the courtroom takes on a voyeuristic and carnival like atmosphere when the judge rules to have the recipe book read aloud in order to determine the rightful owner

short fiction by hispanic writers of the united states includes representative works by the most celebrated cuban american mexican american and puerto rican writers of short fiction in the country the texts cover a full range of expression themes and styles of us hispanics and are introduced by informative entries which place the authors in their cultural and historic

frameworks in these pages the reader will not find picturesque folksy or touristy renditions of hispanic culture instead short fiction by hispanic writers of the united states brings together works that are clear incisive and authentic representations of hispanic life in the united states the selections are as diverse as hispanic culture itself and as varied as the personalities of their authors here are max mart nez's outrageous challenge of racial and social structures roberta fern ndez's construction of hispanic women's aesthetics roberto fern ndez's subversion of the english language nicholasa mohr's humorous attack on patriarchy and judith ortiz cofer's poetic evocation of childhood and biculturalism this collection engages in aesthetic and cultural experience that will result in a re defined canon and a new identity for the country as whole they are re focusing our perception of ourselves as a people and a culture the pressure and the commitment to do so of course make for excellence and innovation in literary expression it also makes for enjoyable reading short fiction by hispanic writers of the united states is recommended for the general fiction reader and for use in high school and college literature classes in search of a multicultural perspective

it is not possible to seek or feel god yet you claim that god exists i feel deceived by it so asks karma the protagonist of this award winning book by sangamithra amudha founder and trustee of sanmarga foundations in her debut book the search that seeks you sangamithra explains the essence of meditation as a tool for understanding and achieving balance in our lives told in story form the book addresses various life situations death sorrow happiness change and fear of the unknown and provides a thoughtful approach to dealing with them along the way it imparts valuable life lessons that will lead you to self discovery enlightenment and ultimately eternal happiness

this book investigates the changing culture of grandparenting depending on the group the period and the family grandparents have been powerful patriarchs and matriarchs reliable second parents dependents burdens or community figures the book examines the history of grandparenting and the changing depiction of grandparent culture from old to hip including the development of the celebrity grandparent the emergence of media technologies that allow for new communication and relationships between grandparents and their grandchildren new rituals associated with grandparenting the growth of the marketing of grandparenting as a new stage of life and the impact on our culture of the commodification of grandparenting prior to the twentieth century within the united states the idea of the modern grandparent likely did not even exist many people did not live long enough to reach the grandparent stage of life today people are living longer and grandparenting is occupying a longer phase in one's life grandparenting is becoming its own life stage where new rituals exclusive to grandparents are emerging newer technologies such as skype google hangout and facetime allow grandparents who are far away to establish relationships with their children many grandparents also use social media and blogs to chronicle their experiences some grandparents have turned their grandparent lifestyle into a business the representation of grandparenting in popular culture is shifting as well grandparents are becoming their own figures on television and film programs including reality shows others have been thrust into the public eye across social media

marketers have realized the power of this new consumer subgroup and have begun to direct marketing campaigns to grandparents yet despite the pervasive images of grandparents some of which present empowered figures grandparent representation in popular media continues to mimic many of the stereotypes commonly associated with aging encouraging people to laugh at versus laugh with these figures the third act grandparenting in a digital age examines grandparenting through history interviews and popular culture to study the changing image of grandparents in society

on the murderous road to racial purity hitler encountered unexpected detours largely due to his own crazed views and inconsistent policies regarding jewish identity after centuries of jewish assimilation and intermarriage in german society he discovered that eliminating jews from the rest of the population was more difficult than he d anticipated as bryan rigg shows in this provocative new study nowhere was that heinous process more fraught with contradiction and confusion than in the german military contrary to conventional views rigg reveals that a startlingly large number of german military men were classified by the nazis as jews or partial jews mischlinge in the wake of racial laws first enacted in the mid 1930s rigg demonstrates that the actual number was much higher than previously thought perhaps as many as 150 000 men including decorated veterans and high ranking officers even generals and admirals as rigg fully documents for the first time a great many of these men did not even consider themselves jewish and had embraced the military as a way of life and as devoted patriots eager to serve a revived german nation in turn they had been embraced by the wehrmacht which prior to hitler had given little thought to the race of these men but which was now forced to look deeply into the ancestry of its soldiers the process of investigation and removal however was marred by a highly inconsistent application of nazi law numerous exemptions were made in order to allow a soldier to stay within the ranks or to spare a soldier s parent spouse or other relative from incarceration or far worse hitler s own signature can be found on many of these exemption orders but as the war dragged on nazi politics came to trump military logic even in the face of the wehrmacht s growing manpower needs closing legal loopholes and making it virtually impossible for these soldiers to escape the fate of millions of other victims of the third reich based on a deep and wide ranging research in archival and secondary sources as well as extensive interviews with more than four hundred mischlinge and their relatives rigg s study breaks truly new ground in a crowded field and shows from yet another angle the extremely flawed dishonest demeaning and tragic essence of hitler s rule

folktales are instrumental in ensuring the survival of oral traditions and strengthening communal bonds both the stories and the process of storytelling itself help to define social cultural and political identity for palestinians the threat of losing their heritage has engendered a sense of urgency among storytellers and palestinian folklorists yet there has been remarkably little academic scholarship dedicated to the tradition farah aboubakr here analyses a selection of folktales edited compiled and translated by ibrahim muhawi and sharif kanaana in speak bird speak again 1989 in addition to the folktales themselves muhawi and kanaana s collection is renowned for providing readers with extensive folkloric historical and anthropological annotations

here for the first time the folktales and the compilers work on them are the subject of scholarly analysis synthesising various disciplines including memory studies gender studies and social movement studies aboubakr uses the collection to understand the politics of storytelling and its impact on palestinian identity in particular the book draws attention to the female storytellers who play an essential role in transmitting and preserving collective memory and culture the book is an important step towards analysing a significant genre of palestinian literature and will be relevant to scholars of palestinian politics and popular culture gender studies and memory studies and those interested in folklore and oral literature
