most kids in the developed world finish high school but not in the united states more than a million drop out every year and the numbers are rising dropping out provides answers to fundamental questions who drops out and why what happens to them when they do how can we prevent at risk kids from short circuiting their futures

au delà de statistiques et de l'analyse des causes de l'abandon des études au niveau secondaire et universitaire l'auteur apporte de nouvelles données susceptibles de résoudre ce problème

this volume explores issues related to dropping out of school including reasons for dropping out of school the economic impact of dropping out of school and new strategies to decrease dropout rates a collection of essays presents diversity of opinion on each topic including both conservative and liberal points of view in an even balance essay sources include the alliance for excellent education advancement project dale mezzacappa jeff kelly lowenstein and sarah karp

most kids in the developed world finish high school but not in the united states more than a million drop out every year and the numbers are rising dropping out provides answers to fundamental questions who drops out and why what happens to them when they do how can we prevent at risk kids from short circuiting their futures

worksheets and self tests help potential dropouts personalize how to make decisions and set life goals

for years we have considered school dropout rates as a problem occurring at the high school level however this is actually an issue that originates and develops in elementary school in do children drop out of school in kindergarten gregory hickman and randy heinrich show how high school dropouts in many ways drop out of school long before they reach high school using a comprehensive systems approach hickman and heinrich argue that our policy makers educators parents and community members need to scrutinize our education system moving past fixing short term symptoms to engaging core long term problems for deep effective change for real change to take place our national agenda needs to address the dropout problem at the elementary level long before kids enter high school

through engaging stories and the use of students voices this book corrects persistent misconceptions about youth who drop out of high school based on research conducted with high school dropouts in both urban and rural communities the

authors argue that contrary to popular belief most dropouts are not disengaged from school at an early age many have positive memories of their education both social and academic that educators and policymakers can draw on to create successful prevention and intervention practices the narratives and insights presented here will help readers to better understand the interplay of school related and personal factors that lead students to drop out of school why we drop out is essential reading for k 12 educators school principals counselors psychologists and everyone concerned with our nation s dropout crisis every educator will recognize in these stories the daily opportunities that adults have to reach out and grab onto kids who are desperate for a hand and just need someone to pull them over that line from the foreword by camille a farrington phd author of failing at school lessons for redesigning urban high schools this book greatly improves our understanding of the complex and long term process of dropping out of high school russell w rumberger uc santa barbara director california dropout research project a must read for any teacher principal or superintendent interested in changing the lives of our students most at risk greg baker superintendent bellingham public schools this is a book that everyone with a stake in education must read dr shivohn garcia suny empire state college

this series addresses young adults questions regarding serious problems they may be encountering in their everyday lives utilizing a hot line question and answer format each book discusses the social and psychological issues surrounding specific problem typical worries and feelings that teenagers may have when confronted with a problem and some of the ways that teenagers might cope with these problems and their resolution the reader is introduced to the problem by means of an interview in language that will appeal to teenagers

teenage drop out prevention curriculum dropping out of school is like dropping something heavy on your foot it hurts you and keeps you from moving forward the to the point lessons in book 1 of the arise dropout prevention series so you re thinking of dropping out of school paint a clear picture of how difficult life can be for a high school dropout learner s workbookthe corresponding the 102 page learner s workbook has more than 60 activities 3 inspirational biographies 4 short stories and 5 arise motivational posters all designed to teach the importance of staying in school and the consequences of dropping out see book 2 in the series so you re thinking of staying in school

the drop out phenomenon is a persistent problem in public schools across the united states the consequence of a student dropping out of school negatively impacts both the individual who chooses to drop out and the society that ultimately is

responsible for supporting that individual the purpose of this study is to analyze the decision making processes of at risk students who either dropout or choose to persevere and complete their high school education and to understand what factors influence that decision in a semi wealthy suburban community a number of factors influence students during their decision making process students who receive special education services or live in poverty are significantly less likely to graduate than their peers at franklin park high school this qualitative case study examines why students choose to drop out and remain in school in a low incidence drop out community the two theoretical frameworks of goals theory and organizational theory work in concert to provide a lens to view the dropout phenomenon from the perspective of the individual and the organization the vast majority of at risk students at franklin park high school are able to persevere and graduate but a percentage of students choose to drop out each year contrary to their own self interest at risk students who are able to graduate are focused on the goal of high school graduation willing to complete all tasks related to reaching that goal and access appropriate resources and supports to achieve their goal at risk students who chose to drop out are not focused on the goal of high school graduation course failures negative peer relationships attendance issues and a lack of connection to the school community

this volume explores issues related to dropping out of school including reasons for dropping out of school the economic impact of dropping out of school and new strategies to decrease dropout rates a collection of essays presents diversity of opinion on each topic including both conservative and liberal points of view in an even balance essay sources include the alliance for excellent education advancement project dale mezzacappa jeff kelly lowenstein and sarah karp

the authors examine the major groups within the dropout population the myriad of factors within schools that lead to dropping out and the larger social and economic context within which dropping out occurs the resulting synthesis of knowledge and perspectives provided here will enhance our understanding of an important topic that has to this time been given too little attention

by the 1960s high schools had become mass institutions saddled with the expectation of universal education for america s youth ironically with this broadening of clientele and mission came the idea and phenomenon of the dropout the consolidation of a dropout stereotype focused on the presumed dependency and delinquency of dropouts with the resulting programs focusing on guidance and vocational training why the problem persists is the topic of this study with

more constructive perspectives on dropping out

for years we have considered school dropout rates as a problem occurring at the high school level however this is actually an issue that originates and develops in elementary school in do children drop out of school in kindergarten gregory hickman and randy heinrich show how high school dropouts in many ways drop out of school long before they reach high school using a comprehensive systems approach hickman and heinrich argue that our policy makers educators parents and community members need to scrutinize our education system moving past fixing short term symptoms to engaging core long term problems for deep effective change for real change to take place our national agenda needs to address the dropout problem at the elementary level long before kids enter high school
