from the real housewives of atlanta to flavor of love reality shows with predominantly black casts

angry and violent yet even as these programs appear to be rehashing old stereotypes of black
women the critiques of them are arguably problematic in their own way as the notion of
respectability has historically been used to police black women s behaviors the first book of
scholarship devoted to the issue of how black women are depicted on reality television real sister
offers an even handed consideration of the genre the book s ten contributors black female
scholars from a variety of disciplines provide a wide range of perspectives while considering
everything from basketball wives to say yes to the dress as regular viewers of reality television

these scholars are able to note ways in which the genre presents positive images of black womanhood even as they catalog a litany of stereotypes about race class and gender that it tends to reinforce rather than simply dismissing reality television as trash this collection takes the genre seriously as an important touchstone in ongoing cultural debates about what constitutes trashiness and respectability written in an accessible style that will appeal to reality tv fans both inside and outside of academia *real sister* thus seeks to inspire a more nuanced thoughtful conversation about the genre's representations and their effects on the black community

from the antics of *flavor flav* on *flavor of love* to the brazen behavior of the women on *love hip hop* so called negative images of african americans are a recurrent mainstay of contemporary american media representations in *double negative* *racquel j gates* examines the generative potential of such images showing how some of the most disreputable representations of black people in popular media can strategically pose questions about blackness black culture and american society in ways that more respectable ones cannot rather than falling back on claims that negative portrayals hinder black progress *gates* demonstrates how reality shows such as *basketball wives* comedians like *katt williams* and movies like *coming to america* play on negative images to take up questions of assimilation and upward mobility provide a respite from the demands of respectability and explore subversive ideas by using negativity as a framework to illustrate these texts social and political work as they reverberate across black culture *gates* opens up new lines of inquiry for black cultural studies
