in a series of columns published in the african american newspaper the christian recorder the young charismatic preacher henry mcneal turner described his experience of the civil war first from the perspective of a civilian observer in washington d c and later as one of the union army s first black chaplains in the halls of congress turner witnessed the debates surrounding emancipation and black enlistment as army chaplain turner dodged grape and cannon comforted the sick and wounded and settled disputes between white southerners and their former slaves he was dismayed by the destruction left by sherman s army in the carolinas but buoyed by the bravery displayed by black soldiers in battle after the war ended he helped establish churches and schools for the freedmen who previously had been prohibited from attending either throughout his columns turner evinces his firm belief in the absolute equality of blacks with whites and insists

on civil rights for all black citizens in vivid detailed prose laced with a combination of trenchant commentary and self deprecating humor turner established himself as more than an observer he became a distinctive and authoritative voice for the black community and a leader in the african methodist episcopal church after reconstruction failed turner became disillusioned with the american dream and became a vocal advocate of black emigration to africa prefiguring black nationalists such as marcus garvey and malcolm x here however we see turner s youthful exuberance and optimism and his open eyed wonder at the momentous changes taking place in american society well known in his day turner has been relegated to the fringes of african american history in large part because neither his views nor the forms in which he expressed them were recognized by either the black or white elite with an introduction by jean lee cole and a foreword by aaron sheehan dean freedom s witness the civil war correspondence of henry mcneal turner restores this important figure to the historical and literary record
