the family is hotly contested ideological terrain some defend the traditional two parent heterosexual family while others welcome its demise opinions vary about how much control parents should have over their children s upbringing family values provides a major new theoretical account of the morality and politics of the family telling us why the family is valuable who has the right to parent and what rights parents should and should not have over their children harry brighthouse and adam swift argue that parent child relationships produce the familial relationship goods that people need to flourish children s healthy development depends on intimate relationships with authoritative adults while the distinctive joys and challenges of parenting are part of a fulfilling life for adults yet the relationships that make these goods possible have little to do with biology and do not require the extensive rights that parents currently enjoy challenging some of our most commonly held beliefs about the family brighthouse and swift explain why a child s interest in autonomy severely limits parents right to shape their children s values and why parents have no fundamental right to confer wealth or advantage on their children family values reaffirms the vital importance of the family as a social institution while challenging its role in the reproduction of social inequality and carefully balancing the interests of parents and children

new family values provides a critical analysis of scholars and authors who argue that law and policy should be used to foster one model of family the intact two parent

heterosexual family the author argues that this position does not adequately address the problem in purports to solve family dissolution and unnecessarily constrains personal liberty civic stability and individual well being require healthy families but do not necessitate uniformity in family form

the values we live and raise our families by are grounded first in love contrary to many of today s so called family values our values go beyond one or two loaded social issues to a wholehearted lifestyle of practicing compassion hospitality justice peace and belonging more than words articulates ten values that forward thinking openhearted people want to embody in their lives and pass on to their children with practical ideas and thought provoking questions this book inspires families to live more intentionally engage their communities and make a difference in the world

ranging across politics social policy the law sociology and history the contributors focus on the diverse realities of contemporary family life this collection offers a comprehensive introduction to recent debates and new research

with the emergence of popular culture phenomena such as reality television blogging and social networking sites it is important to examine the representation of black women and the potential implications of those images messages and roles black women and popular culture the conversation continues provides such a comprehensive analysis using an array of theoretical frameworks and methodologies this collection features cutting edge research from scholars interested in the relationship among media society perceptions and black women the uniqueness of this book is that it serves as a compilation of hot topics including abc s scandal beyoncé s visual album and oprah s instagram page other themes have roots in reality television film and hip hop as well as issues of gender politics domestic violence and colorism the discussion also extends to the presentation and inclusion of black women in advertising print and digital media

the family values movement is a conservative movement that strongly supports traditional social values since 1980 the republican party has used the issue of family values to attract voters and such organizations as the christian coalition and the ameri

a comprehensive selection of readings provided to support david newman s book of the same name

this practical guide demonstrates how to work with newspapers magazines radio and television to promote social programs and to shape public policy it includes numerous examples of how cooperative efforts with the media have improved the public s understanding of the helping profession educated the community about social problems and spread preventive messages an informed and supportive public at large is critical to the success of programs promoting health and mental health and the mass media are the most powerful means of reaching the public yet few human services professionals know how to tap into this power

the first thing every home must have even before the children join that family unit is a written document in form of family values a family value plan is a document that contains the traditional or cultural values according to a particular family s structure function roles beliefs attitudes and ideals this document must have the vision and mission of that family their value system and a set of guidelines on how the family functions what is acceptable and central in the lives of every member of the home with

guidelines in place you have a launching pad for open and honest conversations about everything

drawing on corpus linguistic methods of analysis this book critically examines the rhetorical god gap in american political discourse between the democratic and republican parties the volume investigates the claims which have often not been substantiated by quantitative data in the literature and have tended to focus on particular genres of political discourse that there is a correlation between a higher degree of religiosity in republican political discourse and voting preferences for the party and that democratic politicians should engage in similar discourse toward closing the gap the book adopts a keyword approach using such techniques as collocation analyses concordance reading and bible specific n gram identification toward the study of a corpus of general campaign speeches over a 50 year period and links findings from this data with social and cultural contextual factors to provide a more informed understanding of rhetorical patterns in religiously laden political language the volume showcases the value of corpus linguistic methods in interrogating claims around political language and their broader applicability in linguistic research making this key reading for students and scholars in corpus linguistics critical discourse analysis american politics and religious studies
