why is the 1979 the court of justice judgment in cassis de dijon so famous and so significant in the evolution of eu trade law as this landmark judgment approaches middle age this book revisits this decision with the benefit of hindsight why did the court of justice decide cassis de dijon as it did how has the decision been developed by the eu and looking forward how has the decision been used to develop international trade this book brings together some of the leading writers in the field of eu trade law constitutional law and european history for a fresh examination of this ground breaking judgment looking at it from the perspective of its past who what and why its present is it making a difference and its future how does it fit in international trade agreements

this long awaited new book is an extraordinary wide ranging funny and clever account of 40 years in the life of the most successful touring theatre company of all time the authors dance between magical storytelling offering a masterclass on the skills and practice of acting directing and writing for theatre considering the role of theatre in different countries and continents and offering a eye opening history of tnt

this book examines the interplay between cooperation on technical barriers to trade tbt in free trade agreements and the multilateral framework of the world trade organization in recent years tbt especially differences in standards have attracted increased interest and have been addressed as part of the wto negotiated agenda in trade agreements because of a number of political and legal constraints the process of further cooperation at the wto have been stalled which made free trade agreements a central pillar in setting the agenda of international trade governance this leads us to rethinking the interrelation between the wto and free trade agreements and to questioning the role of both fora in the future of trade the book examines some tbt provisions in free trade agreements and highlights their positive and problematic aspects when it comes to the wto consistency and the ideas of open and inclusive trade it also

suggests that a more optimal way forward would be to increase parallel work on tbt cooperation at the wto a more inclusive forum that could address issues of global significance such as environmental protection and regulation of digital goods the book explores the potential for trade agreements to advance the wto agenda but notes that the organization would need to adapt its institutional structure and governance in order to do so drawing on the example of the eu and us so called new generation trade agreements the book provides a detailed analysis of the various methods used to navigate tbt cooperation and offers insight into how these agreements can serve as inspiration for future multilateral disciplines this book is a valuable resource for trade law academics policymakers and anyone interested in the intersection of technical barriers to trade regional trade agreements and the wto

this extensive volume of the elgar encyclopedia of environmental law probes the essential concepts contemporary research and key elements of law at the intersection of international trade and international environmental law its succinct structured entries provide a definitive and comprehensive assessment of the interactions between these fields written by internationally renowned and recognized experts
