death comes for us all and the desire to ease into that death is as ancient as humankind the idea that sometimes it

is better to die quickly and in control of that death rather than linger in pain and misery once impending death is certain has troubled yet comforted humankind in doctor please help me die author tom preston md presents a thorough overview and discussion of end of life issues and physician assisted death in america doctor please help me die traces the history of patients seeking relief from suffering at the end of life and discusses how cultural and professional customs have inhibited many doctors from helping their patients at the end preston shows how most doctors fail their patients by not discussing dying with them and by refusing to consider legal physician aid in dying ultimately deceiving the public in their refusal to help patients die he discusses the religious political and legal battles in this part of the culture war and gives advice to patients on how to gain peaceful dying preston presents a strong argument for why every citizen who is dying ought to be extended an inalienable right to die peacefully and why every physician has an ethical obligation to assist patients who want to exercise this right safely securely and painlessly

assisted dying and human dignity are two extremely contested topics in bioethics this volume offers the first book length attempt to bring both together its authors develop detailed philosophical analyses of dignity and how it relates to assisted suicide and euthanasia

in february 2003 an undocumented immigrant teen from mexico lay dying in a prominent american hospital due to a stunning medical oversight she had received a heart lung transplantation of the wrong blood type in the following weeks jesica santillan s tragedy became a portal into the complexities of american medicine prompting contentious debate about new patterns and old problems in immigration the hidden epidemic of medical error the lines separating transplant have from have nots the right to sue and the challenges posed by foreigners crossing borders for medical care this volume draws together experts in history sociology medical ethics communication and immigration studies transplant surgery anthropology and health law to understand the dramatic events the major players and the core issues at stake contributors view the santillan story as a morality tale about the conflicting values underpinning american health care about the politics of transplant medicine about how a nation debates deservedness justice and
