stuart walker s design work has been described as life changing inspiring disturbing and ferocious drawing on an extraordinarily diverse range of sources and informed by creative practice design for life penetrates to the heart of modern culture and the malaise that underlies today s moral and environmental crises the author argues that this malaise is deep seated and fundamental to the modern outlook he shows how our preoccupation with technological progress growth and the future has produced a constricted view of life one that is both destructive and self reinforcing based on over twenty five years of scholarship and creative practice he demonstrates the vital importance of solitude contemplation inner growth and the present moment in developing a different course one that looks squarely at our current precarious situation while offering a positive hopeful way forward a way that is compassionate context based human scale ethically motivated and critically creative design for life is an intensely original contribution that will be essential reading for design practitioners and students written in a clear accessible style it will also appeal to a broader readership

especially anyone who is concerned with contemporary society's rising inequalities and environmental failings and is looking for a more constructive balanced and thoughtful direction

a classic of christian apologetics chesterton describes his understanding of the words orthodox and heretic as they apply to and have changed in the modern period chesterton argues that in modernity the word orthodoxy not only no longer means being right it practically means being wrong he continues to write that society no longer tolerates a man's life philosophy or religion yet is increasingly absorbed in art for art's sake chesterton identifies this trend to replace ideological substance with vagueness and criticizes popular writers public figures politicians and the like for proclaiming a gospel of silence when moral and philosophical direction is needed

nothing more strangely indicates an enormous and silent evil of modern society than the extraordinary use which is made nowadays of the word orthodox in former days the heretic was proud of not being a heretic it was the kingdoms of the world and the police and the judges who were heretics he was orthodox he had no pride in having rebelled against them they had rebelled against him the armies with their cruel security the kings with their cold faces the decorous processes of state the reasonable processes of law all these like sheep had gone astray the man was proud of being orthodox was proud of being right if he stood alone in a howling wilderness he was more than a man he was a church he was the centre of the universe it was round him that the stars swung all the tortures torn out of forgotten hells could not make him admit that he was heretical but a few modern phrases have made him boast of it he says with a conscious laugh i suppose i am very heretical and looks round for applause the word heresy not only means no longer being wrong it practically means being clear headed and courageous the word orthodoxy not only no longer means being right it practically means being wrong all this can mean one thing and one thing only it means that people care less for whether they are philosophically right for obviously a man ought to confess himself crazy before he confesses himself heretical the bohemian with a red tie ought to pique himself on his orthodoxy the dynamiter laying a bomb ought to feel that whatever else he is at least he is orthodox aeterna press

unlike some other reproductions of classic texts 1 we have not used ocr optical character recognition as this leads to bad quality books with introduced typos 2 in books where there are images such as portraits maps sketches etc we have endeavoured to keep the quality of these images so they represent accurately the original artefact although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy

a brilliant book illuminates a forgotten world the times best of the year heretic tells a moreish intellectual story and shakes up your understanding of western history at the same time somewhat improbably it supplies at least one good joke per paragraph you have to keep turning back to enjoy them again the economist best of the year from a celebrated classicist and author of the darkening age a ballista bolt of a book new york times book review a biography of the many diverse variations of jesus who thrived in early christian traditions and how they were lost until just one true christ survived contrary to the teachings of the church today in the first several centuries of christianity s existence there was no consensus as to who jesus was or why he had mattered instead there were many different christs one had a twin brother and traveled to india another consorted with dragons one particularly terrifying christ scorned his parents and killed those who opposed him moreover in the early years of the first millennium there were many other saviors many sons of gods who healed the sick and cured the lame but as christianity spread they were pronounced unacceptable even heretical and they faded from view heretic unearths the different versions of christ who existed in the minds of early christians and the process of evolution and elimination by which jesus became the singular figure we know today heretic has the mother lode of tales too hot for christendom nixey has carefully wrung out a number of apocryphal texts for scandal harper s magazine

whoever has an opinion of his own and honestly expresses it will be guilty of heresy heresy is what the minority believe it is the name given by the powerful to the doctrine of the weak this word was born of the hatred arrogance and cruelty of those who love their enemies and who when smitten on one cheek turn the other this word was born of intellectual slavery in the feudal ages of thought it was an epithet used in the place of argument from the commencement of the christian era every art has been exhausted and every conceivable punishment inflicted to force all people to hold the same religious opinions this effort was born of the idea that a certain belief was necessary to the salvation of the soul christ taught and the church still teaches that unbelief is the blackest of crimes god is supposed to hate with an infinite and implacable hatred every heretic upon the earth and the heretics who have died are supposed at this moment to be suffering the agonies of the damned the church persecutes the living and her god burns the dead
