music videos promote popular artists in cultural forms that circulate widely across
social media networks with the advent of youtube in 2005 and the proliferation of
handheld technologies and social networking sites the music video has become
available to millions worldwide and continues to serve as a fertile platform for the
debate of issues and themes in popular culture this volume of essays serves as a
foundational handbook for the study and interpretation of the popular music video
with the specific aim of examining the industry contexts cultural concepts and
aesthetic materials that videos rely upon in order to be both intelligible and meaningful
easily accessible to viewers in everyday life music videos offer profound cultural
interventions and negotiations while traversing a range of media forms from a variety
of unique perspectives the contributors to this volume undertake discussions that
open up new avenues for exploring the creative changes and developments in music
video production with chapters that address music video authorship distribution
cultural representations mediations aesthetics and discourses this study signals a
major initiative to provide a deeper understanding of the intersecting and
interdisciplinary approaches that are invoked in the analysis of this popular and
influential musical form
