with the emergence of popular culture phenomena such as reality television blogging and social networking sites it is important to examine the representation of black women and the potential implications of those images messages and roles black women and popular culture the conversation continues provides such a comprehensive analysis using an array of theoretical frameworks and methodologies this collection features cutting edge research from scholars interested in the relationship among media society perceptions and black women the uniqueness of this book is that it serves as a compilation of hot topics including abc s scandal beyoncé s visual album and oprah s instagram page other themes have roots in reality television

film and hip hop as well as issues of gender politics domestic violence and colorism the discussion also extends to the presentation and inclusion of black women in advertising print and digital media

american individualism it is the reason for american success but it also tears the nation apart why do americans have so much trouble seeing eye to eye today is this new was there ever an american consensus the cult of individualism a history of an enduring american myth explores the rarely discussed cultural differences leading to today s seemingly intractable political divides after an examination of the various meanings of individualism in america author aaron barlow describes the progression and evolution of the concept from the 18th century on illuminating the wide division in caucasian american culture that developed between the culture based on the ideals of the english enlightenment and that of the scots irish borderers the borderer legacy generally explored only by students of appalachian culture remains as pervasive and significant in contemporary american culture and politics as it is unfortunately overlooked it is from the borderers that the tea party sprang along with many of the attitudes of the contemporary american right making it imperative that this culture be thoroughly explored

combat death in contemporary american culture popular cultural conceptions of war since world war ii explores how war has been portrayed in the united states since world war ii with a particular focus on an emotionally charged but rarely scrutinized topic combat death agnieszka soltysik monnet argues that most stories about war use three main building blocks melodrama adventure and horror monnet examines how melodrama and adventure have helped make war seem acceptable to the american public by portraying combat death as a meaningful sacrifice and by making military killing look necessary and often even pleasurable horror no longer serves its traditional purpose of making the bloody realities of war repulsive but has instead been repurposed in recent years to intensify the positivity of melodrama and adventure thus this book offers a fascinating diagnosis of how war stories perform ideological and emotional work and why they have such a powerful grip on the american imagination

warren commission hearings

the film handbook examines the current status of filmmaking how film is produced and distributed and its relation with today s digital and web based climate

american heroes surveys more than 200 u s heroes from the american revolution through today in 39 areas of achievement including agriculture and astronomy aviation and space exploration biology business civil rights computer science diplomacy education engineering environmentalism

exploration government and politics invention and technology law and jurisprudence literature mathematics medicine the military religion native american affairs nursing philanthropy philosophy physics public health religion and theology social reform sports theater and entertainment and women s rights

the concluding volume of richard slotkin s highly acclaimed trilogy draws on a wide range of sources to examine the pervasive influence of wild west myths on american culture and politics
