fifty miles is a memoir in linked essays that addresses addiction and alcoholism the book traces the life and death

of the author's son Gray a talented but troubled young man to a drug overdose at thirty as well as the author's own recovery from substance abuse

Charles Kingsley's *Westward Ho* is the novel after which the English seaside village was named. The story follows the adventures of Amos Leigh, an obstinate young man who decides to go sailing. He settles for a certain period in the Caribbean islands searching for gold and succeeds in making a little fortune. He then decides to go back to England by the time of the Spanish Armada, a sixteenth-century Spanish fleet that intended to invade England and overthrow Queen Elizabeth I for rivalry over colonies in the Netherlands, the Atlantic, and the Pacific. Much of the novel describes the struggles between the two world powers, picturing the continuous naval battles that they engaged in. Amos becomes greatly concerned when the Spaniards abduct his brother Frank Leigh as well as an admired local beauty named Rose Salterne. Furthermore, Amos's life turns into a sad tragedy when he is further struck by a thunderbolt that costs him his eyesight. Generally, Kingsley gives the story a religious touch by making the war between England and Spain equally appear like a war between Protestantism and Catholicism, particularly when he shows how English hostages are often burnt at the stake by the Catholic Inquisition.

A moving story of a woman with early-onset Alzheimer's disease, now a major Academy Award-winning film starring Julianne Moore and Kristen Stewart, *Alice Howland* is proud of the life she worked so hard to build. At fifty, she's a cognitive psychology professor at Harvard and a renowned expert in linguistics with a successful husband and three grown children. When she begins to grow forgetful and disoriented, she dismisses it for as long as she can until a tragic diagnosis changes her life and her relationship with her family and the world around her. For ever unable to care for herself, Alice struggles to find meaning and purpose as her concept of self gradually slips away. But Alice is a remarkable woman, and her family learns more about her and each other in their quest to hold on to the Alice they know. Her memory hanging by a frayed thread, she is living in the moment, living for each day, but she is still Alice, remarkable, illuminating, highly relevant today. *Daily Mail*, the most accurate account of what it feels like to be inside the mind of an Alzheimer's patient I've ever read. Beautifully written and very illuminating. *Rosie Boycott*, utterly brilliant. *Chrissy Iley*.
