words what would we be without them without words we could hardly be said to be human fully human without words there would be no poems no novels no scientific treatises no textbooks no chapter books no children's books without words there would be no discussions no arguments no guidance no praise no reproof maybe the absence of reproof is a good thing without words there would be no newspapers no magazines no mail no email without words we wouldn't be able to sing lullabies to our children without words we wouldn't be able to whisper sweet nothings in the ears of our lovers the whispers would literally be nothings it's astonishing to consider that 26 letters produce 450 000 english words from this vast sea of verbal possibilities my favorite words draws a cupful of words useful words upright words interesting words wholesome words needful words necessary words workaday words that any writer would be proud to put in a sentence

the proposal of a semantics for quotations using explanatory notions drawn from philosophical theories of pictures in quotations as pictures josef stern develops a semantics for quotations using explanatory notions drawn from philosophical theories of pictures he offers the first sustained analysis of the practice of quotation proper as opposed to mentioning unlike other accounts that treat quotation as mentioning quotations as pictures argues that the two practices have independent histories that they behave differently semantically that the inverted commas employed in both mentioning and quotation are homonymous that so called mixed quotation is nothing but subsentential quotation and that the major problem of quotation is to explain its dual reference or meaning its ordinary

meaning and its metalinguistic reference to the quoted phrase attributed to the quoted subject stern argues that the key to understanding quotation is the idea that quotations are pictures or have a pictorial character as a phenomenon where linguistic competence meets a nonlinguistic symbolic ability the pictorial quotation is a combination of features drawn from the two different symbol systems of language and pictures which explains the exceptional and sometimes idiosyncratic data about quotation in light of this analysis of verbal quotation in the last chapters stern analyzes scare quotation as a nonliteral expressive use of the inverted commas and explores the possibility of quotation in pictures themselves
