hacker is a person who uses his creativity and knowledge to overcome limitations often in technological contexts introduction about hacking if you ask a random person on the street what a hacker is they might recall ever seeing the word in connection to some criminal who hacked some website and stole for example credit card data this is the common image the media sketches of the hacker the somewhat more informed person might think that a hacker is not really a criminal but somebody with a lot of knowledge about computers and security of course this second definition is a lot better than the first one but i still don t think it catches the essence of what makes one a hacker first of all hacking hasn t necessarily got to do with computers there have been hackers in the medieval ages and maybe even in the stone ages the fact that they used other means to express their skills and knowledge doesn t make them less than any hacker in the modern ages we are just blessed with the fact that at this moment we are all surrounded by technology a lot of people

even are dependent of it
