gentrifier opens up a new conversation about gentrification one that goes beyond the statistics and the clichés and examines different sides of a controversial deeply personal issue in this lively yet rigorous book john joe schlichtman jason patch and marc lamont hill take a close look at the socioeconomic factors and individual decisions behind gentrification and their implications for the displacement of low income residents drawing on a variety of perspectives the authors present interviews case studies and analysis in the context of recent scholarship in such areas as urban sociology geography planning and public policy as well they share accounts of their first hand experience as academics parents and spouses living in new york city san diego chicago philadelphia and providence with unique insight and rare candour gentrifier challenges readers current understandings of gentrification and their own roles within their neighborhoods a foreword by peter marcuse opens the volume

the history of the execution of women in the united states has largely been ignored and scholars have given scant attention to gender issues

in capital punishment this historical analysis examines the social political and economic contexts in which the justice system has put women to death revealing a pattern of patriarchal domination and female subordination the book includes a discussion of condemned women granted executive clemency and judicial commutations an inquiry into women falsely convicted in potentially capital cases and a profile of the current female death row population

the nature and scope of individual rights provides historical context for the cases articles and wide range of materials presented throughout the book readers explore how theories of social freedom and governance were developed and articulated in national debates on the most controversial matters of law and social science comparing specific legislation with purported state interests yields insights into judicial processes in those areas where law appears to operate without an obvious correlation between ends and means the book covers topics related to military conscription euthanasia capital punishment monogamy incest marital and statutory rape race gender sexual orientation workplace privacy and public response to the patriot act as changes in domestic surveillance and telecommunications technology continue to transform the dialogue around privacy barnes ultimately encourages readers to consider how many of these debates are consistent with or even worthy of our highest aspirations in relation to liberty autonomy and governance for the general welfare most law professors skip topics because of the fear of making our students uncomfortable the genius of barnes book is that it brings together so many of these topics that they become safer to cover the materials are well chosen and obviously provocative the issues are central to our conception of self family and society and the concepts of right and wrong that animate the relationships so the only remaining question is do you have the courage to teach this course matthew spitzer university of southern california law school professor barnes is to be credited with constructing a textbook that is relevant in every sense of the term students learn best when they feel that they are learning issues that impact their own lives the subset of constitutional law that is the focus of professor barnes book intimate individual rights and the author s choice of materials will foster precisely this type of classroom experience terry smith fordham university school of law
