the authors of the chapters included in this volume provide preliminary answers to questions such as how extensive were covid 19 outbreaks in prisons jails and community corrections systems globally which regions and countries reported the largest outbreaks why were prisons and jails found to be hot spots for the spread of covid 19 in most countries how did governments initially respond to covid 19 outbreaks in their corrections systems did the mitigation strategies used in each country reduce the spread of the infection in the corrections system both in prisons and jails and in community corrections did the corrections focused mitigation strategies used in each country have a positive or an adverse impact on public health and public safety how likely is it that the varied short term mitigation strategies implemented by governments will result in long term changes in corrections policies and practices the book includes three chapters examining the global impact of the covid 19 outbreaks six regional overviews and 27 country specific reviews including reviews targeting 21 of the 50 largest prison systems globally this collection will be an excellent resource for researchers policymakers practitioners and the general public interested in knowing more about the nature and extent of covid 19 outbreaks in corrections systems globally and about the diversity of responses developed and implemented by governments from each global region the chapters in this book were originally published as a special issue of the journal victims offenders

this book is the first collective work devoted exclusively to the ethical and penal theoretical considerations of the use of artificial intelligence at sentencing jesper ryberg and julian v roberts bring together leading experts in the field to investigate to what extent and under which conditions justice and the social good may be promoted by allocating parts of the most important task of the criminal court that of determining legal punishment to computerized sentencing algorithms

the history evolution and current state of female offenders recommendations for advancing the field summarizes what the field has learned about females and crime details the status of legislation and criminological research focused on female criminality and provides recommendations for advancing the field van gundy and james present the material from a gendered approach with the goal of analyzing the current understanding of the relationship between gender and crime tracing the intellectual history of feminist criminology from its foundations to the present time the authors follow four

primary themes what do we know about the relationship between gender and crime what special needs do female offenders have what works and doesn't work for female offenders what can or should we do from here reaching back to carol smart's seminal 1976 book *women crime and criminology* a feminist critique available through routledge revivals the authors note that in some ways modest progress has been made but large gaps in research and policy still exist this much needed book provides an overarching view of the history and evolution of the understanding of the relationship between gender and crime detailed analysis of seminal work and criminological studies an exploration of incarceration reentry and programming and concrete recommendations for future research these recommendations focus on the importance of creating and utilizing theoretical models that measure the role of gender and identity inclusion of female specific variables when examining and responding to criminality and the necessity of policymakers and legislators to address female criminality from a gendered lens the book will appeal to those who are interested in females and criminality race and ethnicity policy and evaluation criminal behavior criminology and students in courses in sociology psychology women and gender studies social justice black world studies gerontology and criminology criminal justice as well as policymakers and practitioners in the field it will inspire researchers to ask the kinds of questions that will advance the field of feminist criminology in the future

now more than ever the criminal justice system and the programs policies and practices within it are subject to increased public scrutiny due to well founded concerns over effectiveness fairness and potential unintended consequences one of the best means to address these concerns is to draw upon evidence based approaches demonstrated to be effective through empirical research rather than through anecdote standard practice or professional experience alone national institute of justice 2011 the goal of this book is to describe the most useful actionable and evidence based solutions to many of the most pressing questions in the criminal justice system today specifically this edited volume contains brief and accessible summaries of the best available research alongside detailed descriptions of evidence based practices across different areas of the criminal justice system it is written so that practitioners and researchers alike can use the text as reference tool in their work and in training the new generation of individuals working to improve the system researchers and practitioners in many areas of criminal justice crime prevention policing courts prosecution defendants judges corrections sanctions and sentencing can reference specific chapters in this book to guide their policy and practice decisions although theory is a

guide for the practices described the chapters will address practical issues in implementation and action this book overcomes the limitations of previous criminal justice practice books in that it is written as a practice resource and reference guide and spans practices and policies across different sectors of the criminal justice system from prevention to policing to sanctions and corrections each chapter contains a list of action items based upon the best available scientific research that can be implemented in practice to address key issues and long standing challenges in the criminal justice system

anti oppressive social work practice and the carceral state plots a transformative path by using an anti oppressive and transformative approach to critically examine strategies to shift punishment centered practices to build collaborative partnerships and possibilities toward decarceration and individual and community power
