by weaving his experiences with information on the rise of anti science sentiment how it was funneled into a movement and how it has become a tool of far right political figures around the world the author opens readers eyes to the dangerous world it creates even as he paints a picture of the world under a shadow of aggressive ignorance he demonstrates his innate optimism offering suggestions for how science denial can be met by other active scientists

the covid vaccine hyped ad nauseum as necessary safe and effective bears no semblance to the truth this deceitful message about the mrna spike protein laden genetically modifying experiment has led masses of unsuspecting people like lambs to slaughter after the roll out of the shot an epidemic of sudden deaths

began oneamerica insurance company has announced that individuals aged 18 to 64 died at a stunning 40 percent higher rate than usual the covid con details a disturbing web of deceit revealing the truth about the shot the pcr tests sicknesses and deaths from the injection and also the global totalitarian agenda that is driving this massive hoax the covid con explains in chilling detail how covid was a ruse of epic proportions used to hoodwink humanity and commit the greatest crime in human history the covid con cites findings and opinions of experienced qualified and credentialed doctors scientists and government and industry whistleblowers who were all censored through big tech big government collusion the betrayal of the media public officials the nih the fda the cdc the who and other trusted institutions tends to shift the ground beneath our feet but we must stand strong in the truth or our freedoms will be lost forever

in the wake of the global covid 19 pandemic africa faced a unique set of challenges that sparked a profound spiritual response among its people wash and pray african theological discourse on covid 19 delves into the heart of this response exploring the intersections of faith culture history and the pandemic that gripped the world from 2019 to 2022 the book demonstrates that for many africans the pandemic was not just a medical crisis but also a spiritual battle as such the book invites the reader to witness the historicising of the pandemic in africa through this landmark resource for current and future generations ensuring that the narratives of african christianity in the face of covid 19 and other pandemics are not lost the chapter contributions offer diverse perspectives from ghana nigeria rwanda zimbabwe and the uk each contextualising the african christian response to the pandemic in essence this monograph paints a rich tapestry of african theological discourse during a global crisis ultimately affirming that faith and science when harmonised can lead to a resilient and thriving community

aslam and gunaratna bring together a broad analysis of the responses of states in asia to the threats presented by the covid 19 pandemic in its early phase while the impact of the pandemic has undoubtedly been disastrous it has also taught many lessons about social political economic and security norms in modern civilization the contributors to this book look at how these lessons have been learned often the hard way by a range of states including india pakistan sri lanka singapore indonesia thailand brunei darussalam and jordan as well as by international organizations including asean they look at a range of issues going beyond the most apparent healthcare concerns to also look at challenges such as the gig economy terrorism extremism religious identity and cybersecurity using these country based case studies this book establishes a framework for understanding these challenges and establishing best practice and scalable solutions for addressing them a valuable resource for scholars and practitioners trying to understand how the world will and won t be changed by the impact of covid 19 especially in the realms of security society and economy
