i have always wanted to write a book ever since i can remember but one day i was listening to a programme on radio 5 which i don t normally listen to sir terry pratchett the famous author was on there saying how everyone has something in them but if they can t write it down or if they can t type try and get it down somehow after a while a couple of days after listening to the programme i was asked to go and clear up something at work and funnily enough there were two dictaphones i thought this was a bit spooky so i decided to use one of the dictaphones and start my book it wasn t easy it was difficult at first to talk into a tape recorder and put down your feelings and thoughts on there this book was done purely through my imagination the characters are purely my thoughts and i see how everything was when i was a kid at school how we were brought up and how the school is broken down into different elements at school where you have some friends there some friends there not so many friends there no friends there and you went around in a group all your life this book is about bong how he meets his friends how he falls out with friends and how he has some great friends and they always will be this is what the book is all about friends the biggest thing about the book is honour and respect to your friends and family the characters in the book are also caricatures of themselves which is self explanatory

to prepare for the role of the joker heath ledger locked himself in a london hotel room trying to understand and become a character he saw as an absolute sociopath a cold blooded mass murdering clown who was not intimidated by anything and found all of life a big joke in the end ledger s obsession with his role contributed to his own death from drugs before the dark knight was released the connections and irony are too close to ignore the movie gives the world a curious twist on the roles of batman and the joker it s politically incorrect and yet emotionally the joker s insanity becomes more endearing than batman s noble sacrifice what is it why does this psychopath seem to have a sense of higher truths in his insanity this is the role of the joker or the fool a standard character in theatre and a role consciously adopted by serious artists since the late 1800s just as shakespeare s fool in king lear used his riddles and puns and satire to reveal the truths the royal leaders of his world could not or refused to see today s artists are both revealing the darkness within the culture and offering a way out waiting for godot has been proclaimed the greatest play of the twentieth century but there are no great roles in it no characters representing the equivalent of shakespeare s hamlet rather the two main characters are closer to t s eliot s j alfred prufrock

who says he cannot be a hamlet only perhaps hamlet s fool this book explores what has happened as europe s culture fragmented and the world lost its center it explores a range of different arenas from political and social and religious happenings to scientific and artistic expressions in order to find the centers of the human condition and how the dark expressions of meaninglessness so commonly highlighted are more rites of passage than the final destination
