the american indian art market entered the arena of u s business at the dawn of the twentieth century when the production of ethnic arts and crafts provided the means of entering a cash economy today that industry produces over a billion dollars in income for artists who produce goods bearing the indian made label few

scholarly studies about the rise of the indian art market have allowed american indians the agency to compete as competent marketers this study concentrates on the economic behavior of producers who face opportunity and risk in a marketplace with exclusive entry barriers lending the investigation to the tools of economic theory empirical data were the grist for this dissertation grounding the study in anthropology since prehistoric times art production was integrated into making a living improving the aesthetics of objects was a means of increasing the demand or value for the object today aesthetic appeal has segmented the indian art marketplace into high versus low valued products and the producers can be distinguished by their willingness to accept risk unique expensive artwork enters a luxury market where imperfect information about the value of the artwork often makes the price of the object a measure of value producers of high value art fit tournament models in which those who win competitive prizes earn market popularity and consequently higher incomes quantity oriented and usually risk averse producers who are subject to expected supply and demand outcomes support the curio market the performance of this industry hinges on the unique marketplace that limits the number of producers allowed market entry authenticity determined by legally proven ethnicity acts as a brand name differentiating one product from its competitors some artists perceive the brand as a ceiling limiting artistic freedom and access to better prices others rely on this special status as a market sanctuary this dissertation documents the indian art market focusing on the struggles and strategies american indian artists employ to earn livings and dignity it unveils dreams desires and responses to a specialized market that continues to support many who have adopted schemes that are wholly their own

during the past half century u s policy in east asia was guided by a simple dictum avoid the domination of east asia by any power other than the united states increasingly however this policy approach seems questionable in a globalizing world a massively changed east asia and a much deeper u s economic involvement in the region even as east asian leaders often tell americans they want a continued u s presence for security purposes they also fear an american effort to contain china that will put them between a rising regional power and the global superpower creating dangerous tensions that ultimately would threaten the region s golden goose china s powerful economic growth engine others like some japanese would welcome a conclusion by the united states that a powerful china ultimately threatens american interests the post american century in east asia addresses major policy problems of east asia from the management of our

relations with china to the north korean nuclear problem to the growth of east asian regionalism the book answers how in light of east asia s growing power and influence the united states can retain influence commensurate with its interests the transformation of the region requires us to ask whether some longstanding perspectives are still relevant as well as what changes are needed in american policy

using examples from her own life the author urges black women to look critically at themselves and society to recognize that they are not victims but a powerful community and to raise their collective voices jacket

in 1960 the aral sea was the size of lake michigan a huge body of water in the deserts of central asia by 1996 when tom bissell arrived in uzbekistan as a naive peace corps volunteer disastrous soviet irrigation policies had shrunk the sea to a third its size bissell lasted only a few months before complications forced him to return home but he had already become obsessed with this beautiful brutal land five years later bissell convinces a magazine to send him to central asia to investigate the aral sea s destruction there he joins forces with a high spirited young uzbek named rustam and together they make their often wild way through the ancient cities tashkent samarkand bukhara of this fascinating but often misunderstood part of the world slipping more than once through the clutches of the uzbek police who suspect them of crimes ranging from christian evangelism to heroin smuggling the two young men develop an unlikely friendship as they journey to the shores of the devastated sea along the way bissell provides a history of the uzbeks recounting their region s long violent subjugation by despots such as jenghiz khan and joseph stalin he conjures the people of uzbekistan with depth and empathy and he captures their contemporary struggles to cope with islamist terrorism the legacy of totalitarianism and the profound environmental and human damage wrought by the sea s disappearance sometimes hilarious sometimes powerfully sobering chasing the sea is a gripping portrait of an unfamiliar land and the debut of a gifted young writer
