when the jury sent out a note on the afternoon of July 1 in *US v. Sean Combs* many wondered if it would be another request for testimony as the jury had asked about Cassie Ventura in the morning or perhaps another complaint about not following Judge Subramanian s instructions as juror 25 had been complained about on June 30 but soon Sean Combs whispered to by his lawyer was sitting near catatonic at the defense table staring into space Judge Subramanian came out and recounted that the jury had reached verdicts on counts 2 through 5 but not on count 1 racketeering conspiracy on that there were unpersuadable opinions on both sides there was discussion of giving a so called Allen charge to go back and try again finally it was

decided to send the jurors home with the instruction they come in on july 2 at 9 am and continue deliberating on count 1 and what might that consist of they had already asked on their first day of deliberations for the law about drug distribution one of the rico predicates might they ask about the other possible predicates from arson to kidnapping to obstruction of justice to yes sex trafficking logically if they had reached a guilty verdict on sex trafficking at least as to cassie ventura if not the witness known as jane the rico question would be whether others had conspired with combs for that sex trafficking his travel agent made travel arrangements his security had kept her in a hotel room so that no one would see her swollen face after he beat her that was one of two california kidnapping alleged why had the said there were unpersuadable opinions against the rico charge without even asking for evidence about those predicates having covering the case since combs arrest and presentment i was asked to go on a true crime podcast on the night of july 1 what could i say it would be irresponsible to claim to know what the four verdicts were but one of them instead i focused on how combs reacted or seemed to react staring into space diddy do it well two of five according to the jury and bail would be denied but expedited sentencing offered the story blow by blow is here [book 9](#) about the sentencing is not before

for a public trial of a global icon there are too many threats for reporting what actually happens during the testimony of an anonymous witness given the name mia they showed on the public screen to the gallery a video of her wishing sean combs a happy birthday her face was entirely visible not blurred so inner city press live tweeting noted it linking to the exact video publicly available on youtube the next day the prosecutor said a publication on x had violated the rules and she wanted judge arun subramanian to order it taken down and those responsible barred from the courtroom and even other courtrooms the judge didn't say no as we should instead he said write me a letter would that even be in the public docket in week 1 of the trial inner city press filed an application that everything go into the docket and not on the long delay that had been the case so far judge subramanian responded with an order that each side could be in their submission no in real time but at the end of the week inner city press wrote and tweeted about the flaws with that judge subramanian issued a second order that the rules applicable to all other trials and cases did in fact apply here real time docketing with redactions if necessary but it hasn't happened next came the anonymous witness named jane whose identity was widely known or became so once she described the father of her child as a well known rapper who is a rival of combs but when defense lawyer teny geragos asked jane if the house in the la gated community had a yard for her son jane said you should say my child inner city press live tweeting testimony actually said in court had written son now there were the semi sealed issues of the jurors juror 6 whose voir dire inner city press had live tweeted prison staffer hip hop fan was now the subject of sealed questioning another juror was questioned but this was not supposed to be reported it was on june 17 at 8 15 am before the 8 30 am starting time used for weeks judge subramanian denounced the publication and leak saying he would investigate including if it came to it seizing and reviewing cell phones with a warrant cell phones of reporters it was not clear and so it is reporting on us v sean combs there is a growing credibility gap between reporters full

time in the courthouse and what they are being allowed to report and what others online can and do say as week six of the us v sean combs trial ended the end drew near with combs lawyer agnifilo saying the defense will be only one or two days unlike for example sam bankman fried with whom combs conferred in the mdc combs would not testify on his own behalf while brian steel managed to turn brendan i am not a drug mule paul into a defense witness as least in part rather like derek ferguson the charts about company arranged and paid travel across state lines to freak offs which in some cases led to violence coercion continued to accumulate would it be enough for a rico conviction one that would stand up on appeal if not pardon were forthcoming inner city press will stay on the case through books on week 7 and week 8 and beyond

after the evidence closed in us v sean combs each side presented it the jury each on their down day on june 26 day 21 of the trial assistant us attorney slavik emphasized just how easy it is to convict under rico only two of the many predicate acts presented and both can be in the same category she presented a menu from sex trafficking to arson kidnapping to obstruction drugs to bribery on june 27 comb s lead counsel marc agnifilo said sean inspired people that mia loved him and lied about being raped as he said did cassie that he called a love story telling the jurors they would cry in deliberations if they read really read text message before the two then he read some raunchy ones apologizing theatrically to his mother there remained an insistence on anonymity for jane and for mia despite the defense having played a video with her face unredacted the threats for reporting on them remained hanging over the trial it remained unclear if jane s lawyer even did submit the hit list she said she would still things were coming to a close the jurors would have three days to deliberate even four if they came in on july 3 inner city press will publish week 8 with whatever notes and answers and with the final verdict diddy do it soon the jury will speak

for the arrival at the diddy trial of his nemesis scott mescudi whose porsche was burned up in los angeles homeland security officers and us marshals stood out on worth street upstairs before the jurors came in the talk of kid cudis dog there was some laughter as there had been earlier in week 2 when the male dancer known as the punisher used the trial to promote his e d book with freezer meat in the title trying to keep up between references to prince s party to tesla and obama s face imprinted onto drugs was not easy but this was us v sean combs and i d covering it since the night before the arrest and indictment so i d push forward including pushing to get more of the filings in the case put into the public docket amid the diddy hoopla and some asking to see the freak off videos if only as a pool his now ten lawyers and the prosecutors are both refusing to make public their filings to the court but they are judicial documents inner city press filed this morning before the jury came in both the government and the defense referred to multiple communications to the court about evidentiary and other issues but these are not in the public docket on pacer this application letter motion argues that many if not all of these are judicial documents to which the public and press have a right of access they should be put in the docket now and going forward in this trial dkt 336 and judge subramanian agrees three times but let s see what week 3 of the

trial brings

the first day of the fourth week of sean combs trial featured the defense putting up as an exhibit a video of pseudonymous victim witness mia sending a birthday greeting to combs it was shown with mia s face entirely visible it was presented as having been entered into evidence it was then and only then linked to then in open court assistant us attorney media outlet reporting mia s true identity we ll send that to the court it was reported on x yesterday with reference to the birthday video exhibit that was admitted containing a link to that exhibit online showing that witness s true identity the court i m happy to hear if there is any step that you d like the court to take aUSA the government would respectfully request that the court consider directing that outlet to remove the post and consider whether any further additional steps should be taken such as barring individuals who break the court s order from attending this trial either in this courtroom or in other courtrooms the court do you want to put in a submission along those lines i ll certainly consider it aUSA sure we can the court i ll do that do what it has been committed that such a submission has not been will not be made and then voluntary compliance but this in the fifth day of the fourth week of sean combs trial counsel to pseudonymous witness jane spoke in order court of identifying those seeking to identify here client in a letter she would submit ex parte to the judge seeking sanctions without providing any notice or opportunity to be heard some were quick to justify this by saying if the outlets were named it would only amplify them but at what point does the gap between what is out there and what is and can be reported from inside because too wide a credibility gap perhaps we will find out in week five and that closing and deliberations this series will continue
