one of the brightest canadian scientists of his generation omond mckillop solandt was a physiologist by training an engineer by disposition and a manager by necessity a protégé of insulin s co discoverer charles best solandt worked as a

scientist for the british government during the second world war including as a pioneer of operational research and a manager of scientific establishments ending the war as a colonel he served on the british mission to japan where he studied the effects of the atomic bombs at hiroshima and nagasaki before returning to canada to become chairman of the newly created defence research board there he spearheaded canada s attempt to create a new and innovative government science infrastructure that served the needs of the canadian military at the dawn of the nuclear age and worked alongside allies in britain and the united states in maestro of science jason s ridler draws on interviews with solandt and his colleagues and declassified records from canada and the united kingdom to paint a vivid picture of the influence and achievements of a canadian leader in cold war military research

between 1970 and 1985 lesbian gay and bisexual lgb educators publicly left their classroom closets formed communities and began advocating for a place of openness and safety for lgb people in america s schools they fought for protection and representation in the national education association and american federation of teachers as well as building community and advocacy in major gay and lesbian teacher organizations in new york los angeles and northern california in so doing lgb teachers went from being a profoundly demonized and silenced population that suffered as symbolically emblematic of the harmful bad teacher to being an organized community of professionals deserving of rights capable of speaking for themselves and often able to reframe themselves as good teachers this prescient book shows how lgb teachers and their allies broadened the boundaries of professionalism negotiated for employment protection and fought against political opponents who wanted them pushed out of america s schools altogether

this book is about the other texas not the state known for its cowboy conservatism but a mid twentieth century hotbed of community organizing liberal politics and civil rights activism beginning in the 1930s max krochmal tells the story of the decades long struggle for democracy in texas when african american mexican american and white labor and community activists gradually came together to empower the state s marginalized minorities at the ballot box and in the streets these diverse activists demanded not only integration but economic justice labor rights and real political power for all their efforts gave rise to the democratic coalition of the 1960s a militant multiracial alliance that would take on and eventually overthrow both jim crow and juan crow using rare archival sources and original oral history interviews krochmal reveals the often overlooked democratic

foundations and liberal tradition of one of our nation's most conservative states blue texas remembers the many forgotten activists who by crossing racial lines and building coalitions democratized their cities and state to a degree that would have been unimaginable just a decade earlier and it shows why their story still matters today

featuring biographical chapters on the leaders who served in space roles in the u s air force army or marine corps including officers who experienced the celestial skies firsthand as astronauts space force pioneers aims to enhance the reader's understanding of character and leadership in military space from the experiences of these elite ground breaking leaders the opening chapter explains in detail how the united states space force evolved from the air force it is followed by ten biographical chapters that examine the stellar careers of space pioneers and illuminate their varied leadership styles the chapter authors all experts on the subject matter engagingly capture the essence of these impressive individuals by incorporating information derived from the personal papers of their subjects and in some cases oral histories and interviews along with other historical sources they make clear the lasting contributions each of these leaders made to military space while serving in or out of uniform space force pioneers offers insight and analysis into how these unique leaders have operated in the performance of their duties as well as chronicling changes in military space over the past four decades the volume concludes with a broad and probing interpretation of contemporary space leadership which offers a vehicle for comparing the accomplishments of these distinctive military space leaders

the experience of the fernandeño tataviam band of mission indians is an instructive model for scholars and provides a model for multicultural tribal development that may be of interest to recognized and nonrecognized indian nations in the united states and elsewhere

on june 12 1962 60 young activists drafted a manifesto for their generation the port huron statement that ignited a decade of dissent miller brings to life the hopes and struggles the triumphs and tragedies of the students and organizers who took the political vision of the port huron statement to heart and to the streets
