when queen elizabeth ii came to the throne in 1952 many commentators heralded the beginning of her reign as the second elizabethan age the first one of course concerned the reign of henry viii s second surviving daughter and middle surviving child queen elizabeth i one of england s most famous and influential rulers it was an age when the arts commerce and trade flourished it was the epoch of gallantry and great enduring literature it was also an age of wars and military conflicts in which men were the primary drivers and women often were pawns elizabeth i changed the rules of the game and indeed she herself was changed by the game she was a female monarch of england a kingdom that had unceremoniously broken with the catholic church and the vatican and the rest of christendom was baying for her blood she had had commercial and militaristic enemies galore in the end she helped change the entire structure of female leadership elizabeth was the last tudor sovereign the daughter of the cruel and magnificent king henry viii and a granddaughter of the tudor house s founder the shrewd henry vii elizabeth hailed as good queen bess gloriana and the virgin queen to this day in the public firmament would improve upon henry viii s successes and mitigate his failures and despite her own failings would turn out to have the heart and stomach of a king and a king of england too indeed that was the phrase she would utter in describing herself while exhorting her troops to fight for england against the spanish armada elizabeth often has been featured in biographies that were more like hagiographies glossing over her fits of temper impatience and other frailties it is fair to say however that she had also
