money is one of the most important languages on the planet in this book linda davis helps people understand and speak it better

author eddie phillips uses well known biblical characters and stories to illustrate god s commonsense approach to handling problems and issues faced by today s youth presented in an entertaining and easy to understand manner each life lesson is explained in a way that all pre teens will be readily able to apply to their own lives the end result is a better reference point from which young people can make better choices and decisions when confronted with difficult situations in the years to come

you are paying much more in tax than you think you are what everyone needs to know about tax takes an entertaining and informative look at the uk tax system in all its glory to show you just how much you pay how the money is collected and how it affects ordinary people every day giving context to recent controversies including the panama papers tax avoidance by multinationals brexit and more this book provides a straightforward explanation of tax and the policy behind it for non specialists no accounting or legal knowledge is required the system s underlying logic is illustrated through three golden rules that explain many of the uk tax regime s oddities and the discussion focuses on the way things are rather than utopian ideas about how they might be case studies show how the vat on a plumber s bill all adds up why fraudsters made a movie to throw hmrc off their scent how a wealthy couple can pay so little tax on a six figure income and the way tracing the money you paid for your ipad sheds light why the eu is demanding apple pay billions extra in tax ever the political battlefield tax is too important for you to rely on media hype for information it affects everyone every day and it pays for voters and taxpayers to know more this book leaves aside technical detail and the arcana of the tax code to give you a real world look at how tax works learn about the many ways that the tax system separates us from our money discover how brexit could change the way we pay taxes understand how changing tax policy affects people s everyday lives see through the rhetoric surrounding controversies in the media with tax we have to admit that there are no easy answers no one enjoys paying them but without them the government would shut down seeing through politicians cant and superficial press coverage is critical for your ability to make the decisions that benefit you what everyone needs to know about tax gives you the background and foundational knowledge you need to be a well informed taxpayer

the word jihad is ubiquitous in the global media it generally appears in the context of violence waged against the west by militants in or from muslim majority societies this usage overwhelmingly colors popular discourse about islam and muslims and it has resulted in a highly reductive distorted and ahistorical understanding of the concept of jihad asma afsaruddin looks at the key questions about jihad and provides concise yet thorough answers jihad what everyone needs to know provides a historically grounded scholarly yet accessible treatment of jihad that explores its various dimensions from the formative period of islam until the contemporary period

in a world where we re made to feel bad about ourselves we don t have to do that and you re not as powerless as you think you are you have the power to take control of your life and start living the life you should be living

learning to rival tells the inside story of college and high school writers learning to rival to actively seek rival hypotheses and negotiate alternative perspectives on charged questions it shows how this interdisciplinary literate practice alters with the context of use and how in learning to rival in school and out students must often negotiate conflicts not apparent to instructors this study of the rival hypothesis stance a powerful literate practice claimed by both humanities and science initially posed two questions how does the rival hypothesis stance define itself as a literate practice as we move across the boundaries of disciplines and genres of school and community how do learners crossing these boundaries interpret and use the family of literate practices especially in situations that pose problems of intercultural understanding over the course of this project with urban teenagers and minority college students the rival hypothesis stance emerged as a generative and powerful tool for intercultural inquiry posing in turn a new question how can the practice of rivaling support the difficult and essential art of intercultural interpretation in education the authors present the story of a literate practice that moves across communities as well as the stories of students who are learning to rival across the curriculum learning to rival offers an active strategic approach to multiculturalism addressing how people negotiate and use difference to solve problems in the spirit of john dewey s experimental way of knowing it presents a multifaceted approach to literacy research combining contemporary research methods to show the complexity of rivaling as a literate practice and the way it is understood and used by a variety of writers as a resource for scholars teachers and administrators in writing across the curriculum studies writing program administration service learning and community based projects as well as literacy rhetoric and composition this volume reveals how learning a new literate practice can force students to encounter and negotiate conflicts it also provides a model of an intercultural inquiry that uses difference to understand a shared problem
