inhaltsangabe abstract flash mobs are an urban movement in which it seems that random people meet at a random place and do something out of the ordinary to amuse people as well as to make them think what just happened they begin as a communication in cyberspace and end as participation in real life and with the growing popularity of flash mobs corporations are starting to use this urban movement for commercial purposes this research seeks to understand the perceptions and attitudes of both participants and the audience of flash mobs and will also examine the impact that commercial use has on this movement the research is divided into three parts the first part involves interviewing the audience of an actual flash mob organized by the author in london and will examine their perceptions towards the event they have just watched the second part involves a questionnaire sent out to the general public including a video of a real flash mob and a video of a commercialized flash mob this questionnaire is divided into two parts whether the interviewee knows what a flash mob is or not the third part of the research involves interviewing the participants of the flash mob movement and examining their perceptions towards the commodification of the flash mobs by a corporation and the possible impacts of this commercialization on the urban movement the analysis shows that the majority of the interviewees can detect the commodification of the real flash mob and the agents see the possibility that the urban movement may become mainstream through the commercial use by corporations inhaltsverzeichnis table of contents abstractiii table of contentsiv list of figures1 list of appendices2 introduction3 1 literature review5 chapter outline5 flash mob5 the development of a flash mob6 word of mouth7 viral marketing9 online communities11 community marketing12 authenticity13 2 research methods17 chapter outline17 problem statement19 objectives of this research19 defining the research method21 philosophies23 data analysis27 limitations27 ethics27 3 empirical findings analysis28 chapter outline28 audience survey28 general public survey29 general public a29 general public b42 agent survey54 4 conclusion recommendations81 chapter outline81 conclusion81 recommendations83 future research83 references list84 appendices87 textprobe text sample chapter 2 philosophies this part of the research onion consists of

flash mob craze explores the evolution of flash mobs from their beginnings as internet fueled pranks to their establishment as a form of performance art and social activism the book examines how these spontaneous gatherings in urban spaces often coordinated through social media have become a unique blend of collective behavior and public art one intriguing

aspect is how quickly corporations adopted flash mobs for viral marketing blurring the line between genuine expression and commercial promotion another insight is the way flash mobs challenge established social norms and transform public spaces into temporary stages for choreographed expression the book approaches the topic by tracing the origins commercialization and artistic merit of flash mobs it analyzes how early participants used nascent social media platforms to organize events and how activist groups harnessed the flash mob format to promote their messages the study also considers the choreographic complexity and thematic resonance of flash mobs as performance art the book progresses by first examining the genesis of flash mobs then dedicating later chapters to analyzing their commercialization and politicization and concluding with an assessment of their legacy this book is valuable because it provides a balanced perspective on the phenomenon avoiding romanticization while offering insights into the dynamics of online communities and the changing nature of public space it delves into the intersection of technology social behavior and artistic expression revealing how ordinary individuals can use readily available tools to create ephemeral spectacles
