human beings the acclaimed egyptologist jan assmann writes are the animals
that have to live with the knowledge of their death and culture is the world
they create so they can live with that knowledge in his new book assmann
explores images of death and of death rites in ancient egypt to provide
startling new insights into the particular character of the civilization as a whole
drawing on the unfamiliar genre of the death liturgy he arrives at a remarkably
comprehensive view of the religion of death in ancient egypt assmann
describes in detail nine different images of death death as the body being torn
apart as social isolation the notion of the court of the dead the dead body the
mummy the soul and ancestral spirit of the dead death as separation and
transition as homecoming and as secret death and salvation in ancient egypt
also includes a fascinating discussion of rites that reflect beliefs about death
through language and ritual

death for the greeks was not an instantaneous event rather a process or
passage which required strenuous efforts on the part of the living to ensure
that the dead achieved full and final transfer to the next world the central
questions which this book attempts to answer are the extent to which death
was a preoccupying concern among the greeks the feelings with which the
individual may have anticipated his death the nature of the bonds between the
living and the dead and the light shed by burial practices upon characteristic
elements of greek society while the beliefs of ordinary greeks about their

ordinary dead form the book s central focus there is also a chapter on special dead the unburied murderers and their victims children and suicides book jacket
