this work resituates the spanish caribbean as an extension of the luso african atlantic world from

the late sixteenth to the mid seventeenth century when the union of the spanish and portuguese crowns facilitated a surge in the transatlantic slave trade after the catastrophic decline of amerindian populations on the islands two major african provenance zones first upper guinea and then angola contributed forced migrant populations with distinct experiences to the caribbean they played a dynamic role in the social formation of early spanish colonial society in the fortified port cities of cartagena de indias havana santo domingo and panama city and their semirural hinterlands david wheat is the first scholar to establish this early phase of the africanization of the spanish caribbean two centuries before the rise of large scale sugar plantations with african migrants and their descendants comprising demographic majorities in core areas of spanish settlement luso africans afro iberians latinized africans and free people of color acted more as colonists or settlers than as plantation slaves these ethnically mixed and economically diversified societies constituted a region of overlapping iberian and african worlds while they made possible spain s colonization of the caribbean

the geopolitical landscape of china africa relations has been overlooked during the g8 s purported year of africa which generated debate in the build up to the china africa summit in beijing in 2006 this book offers surveys of china s return to africa examining what this relationship holds for diplomacy trade and development

the book anyses the angolan perspectives on peace and conflict from the signing of the bicesse peace accords in may 1991 to the death of jonas savimbi leader on unita in february 2002

this unique collection of twelve essays by internationally known scholars deals with the important but underexplored topic of the transatlantic linkages between western africa and brazil during the era of the slave trade c 1600 1850 brazil received more enslaved africans approximately 4 5 million than any other part of the americas ten times as many as north america and more than all of the caribbean and north america combined the forced shipment of millions of africans to the americas where their enslavement became the basis of intense exploitation profoundly influenced the development of the american societies that used slaves the african societies from which the victims originated and the european nations centrally involved in colonizing the americas transatlantic slavery and the forces that produced its formal

abolition in the nineteenth and twentieth centuries were clearly vital in helping to define the identities of both black and white people and in shaping european colonialism and imperialism these factors have left legacies of racism and division with important social consequences divided into three major parts the collection focuses in the first section on the portuguese brazilian slave trade the second section examines the impact of western africans on the making of colonial and postindependence brazil the final section explores the effects of brazil and afro brazilians on western africa this important volume of cutting edge research and analysis makes a significant contribution to our understanding of the history of slavery in the americas
