the bible of occupational health fitness for work is the most in depth and comprehensive resource available on the effects of ill health on employment expert authors provide practical guidance on the employment potential of anyone with an illness or disability as well as examining the art and skills of fitness for work assessment and its ethical framework fully revised and updated fitness for work fifth edition now includes for the first time important new chapters on work in cancer survivors health promotion in the workplace and managing and avoiding sickness absence following in the all encompassing and comprehensive tradition of the previous editions it also continues to provide coverage of and information on support for rehabilitation work at older ages health screening and the full array of medical and surgical health problems that can affect fitness for work chapters are organized by medical condition to enable effortless reference and are co authored by a topic specialist and a specialist occupational physician providing a comprehensive view of the subject the latest developments in legislation and government guidelines are included ensuring the book is up to date and provides the most current procedures in the field fitness for work delivers a wealth of valuable consensus guidance codes of practice and locally evolved standards to enable well informed clinical judgements to be made all occupational health professionals should have a copy of this highly regarded resource on their desks

the handbook of social work in health and aging is the first reference to combine the fields of health care aging and social work in a single authoritative volume these areas are too often treated as discrete entities while the reality is that all social workers deal with issues in health and aging on a daily basis regardless of practice specialization as the baby boomers age the impact on practice in health and aging will be dramatic and social workers need more specialized knowledge about aging health care and the resources available to best serve older adults and their families the volume s 102 original chapters and 13 overviews written by the most experienced and prominent gerontological health care scholars in the united states and across the world provide social work practitioners and educators with up to date knowledge of evidence based practice guidelines for effectively assessing and treating older adults and their families new models for intervention in both community based practice and institutional care and knowledge of significant policy and research issues in health and aging a truly monumental resource this handbook represents the best research on health and aging available to social workers today

written by a social worker for social workers this innovative book equips readers with the knowledge and skills they need to be effective case management practitioners in a variety of health and human service organizations a must read for students and professionals in social work this important work introduces a unique task centered case management model built around the unifying principles of the profession person in environment strengths based work and ecological perspective over twenty case studies by case managers and professionals offer innovative practice insights illustrating the practice roles and responsibilities of today s case managers and the realities of conducting case management in today s growing exciting and challenging field

the third of three issues on workers privacy in industrialized countries this volume is devoted to testing of workers and job applicants to detect alcohol and drug abuse hiv aids genetic abnormalities psychological characteristics and honesty

this definitive resource details both the current and historical state of child labor in each region of the world focusing on its causes consequences and cures including contributions by an international team of leading child labor scholars researchers policy makers and activists as well as a wealth of current statistical data it is the most comprehensive reference available on the subject

annotation covers over 500 topics important to canadian social work written by a highly diverse group of experts and covering all aspects of the field nation wide

the book contains papers which were presented at a conference held from 11 to 13 september 2000 some of the topics covered includes executive power traditional authorities international environment judiciary citizenship press freedom land hiv aids gender and education

presents an overview on ilo activities in asia pacific and arab countries in each of the four dimensions of the decent work agenda fundamental principles and rights at work employment social protection and social dialogue

although morbidity among hiv aids victims has decreased the rate of new infections has remained steady for several years substantially increasing the likelihood that this epidemic will continue and expand as a concern for social workers and their clientele both of whom will need to be kept informed of the complex laws governing the milieu and the consequences of the disease this is certainly the case with its spread throughout asia and africa in this new work the author draws upon statutes and court decisions from across the united states to provide a comprehensive and current picture of the many facets of hiv aids law including health policy confidentiality privacy bioethics the workplace and criminal law and corrections the volume of legal medical social science and popular literature pertaining to hiv aids that has been published over the past two decades is staggering hence any addition to this collection needs some justification what dickson offers is different from what has preceded rather than one more contribution to the extensive legal or social science literature this book attempts to integrate the perspectives from two fields law and social work the hope is that this will give social workers practitioners and teachers a better understanding of one of the major issues that may face them in their work with patients and clients every day to date although there is extensive hiv and aids related literature in social work and the social sciences it is primarily focused on social work practice issues where law has been introduced in these works it often is narrow in focus and given the rapid changes in the field no longer up to date this book does not purport to discuss all legal issues in all jurisdictions relating to hiv aids but rather to choose selectively those that have particular relevance for social work and social policy the author has placed reliance on those published medical works cited with approval in the legal and
