the work of the glasgow media group has long been established as being at the forefront of media studies this collection is an ideal introduction to their recent work

the second edition of understanding the media updates what has been recognised as a successful introduction to the study of the mass media the author furnishes examples from all around the world underpinning the emphasis the book places on the concept of globalisation in understanding the modern media the readings and questions force students to reflect critically on issues and encourage them to explore their own media consumption habits the chapters are well organised and user friendly with the chapter on globalisation highly recommended introductions to media globalisation often fail to provide a succinct and clear overview for first year students this chapter cracks the problem with a pithy description of the basic concepts and debates interlaced with illuminating case studies and illustrative examples the strength of eoin devereux s text is that the examples are familiar and relevant to present day students and his style does not patronise or talk down to them clearly written comprehensive well organised and up to date this is an excellent introductory text for media studies students times higher education praise for the first edition an interesting book to read written in a simple and transparent style and interlaced with topical up to date examples of media events journal of educational media this is a well organized well informed student friendly textbook ideal for first year undergraduates as a kicking off point into the field of media and communications research it deserves to be widely taken up european journal of communication understanding the media introduces key theoretical issues in media analysis and encourages students to use case studies to examine their own personal media use and exposure devereux applies a model of media analysis that gives equal weight to the production content and reception of media texts a particular emphasis is placed on understanding the mass media in a social context and readers are invited to engage with a variety of questions about the increasingly complex mediascape in which we live our everyday lives now thoroughly revised and expanded this second edition includes an additional chapter which draws together the book s key themes contains new and revised case studies with expanded discussions on media audiences and fandom and blogging new and revised extracted readings in every chapter in addition the book is now accompanied by an ancillary website with resources for students as well as slides for tutorials lectures each chapter contains concise summaries exercises extracts from experts in the field model exam and essay questions as well as directions for further reading and research this practical dimension to understanding the media will ensure that the book appeals to both teachers and students of the media in the 21st century

a straightforward account of the editorial and production processes used by journalists to bring television news to the viewer it is an invaluable text for students on journalism courses print and radio journalists moving into television and tv journalists wishing to update their knowledge takes into account the latest practices and issues in the television industry this fourth edition has been thoroughly updated to take account of the latest practices and issues in the television industry it includes new illustrations of developments from both a technological and an editorial perspective in a changing broadcasting environment newcomers to television journalism are finding themselves entering a world in which an empathy with technology is as important as a way with words the newsroom itself is now completely computerized and consequently new skills and working methods need to be mastered to take account of the revolutionary advances
