never before has so much popular culture been produced about what it means to be a girl in today's society from the first appearance of nancy drew in 1930 to seventeen magazine in 1944 to the emergence of bratz dolls in 2001 girl culture has been increasingly linked to popular culture and an escalating of commodities directed towards girls of all ages editors claudia a mitchell and jacqueline reid walsh investigate the increasingly complex relationships struggles obsessions and idols of american tween and teen girls who are growing up faster today than ever before from pre school to high school and beyond girl culture tackles numerous hot button issues including the recent barrage of advertising geared toward very young girls emphasizing sexuality and extreme thinness nothing is off limits body image peer pressure cliques gangs and plastic surgery are among the over 250 in depth entries highlighted comprehensive in its coverage of the twenty and twenty first century trendsetters fashion literature film in group rituals and hot button issues that shape and are shaped by girl culture this two volume resource offers a wealth of information to help students educators and interested readers better understand the ongoing interplay between girls and mainstream culture

this is the fourth volume of the ao high girls colored illustration collection br it starts off with aya chan and misaki chan in bikinis and continues with loads of illustrations of the girls glistening in sweat from an energetic game of volleyball br the sight of them spiking is cool and glimpses of their ampits and stomachs are very sexy br don't miss out on getting your copy of this beautiful illustration collection

this unique four volume encyclopedia examines the historical significance of fashion trends revealing the social and cultural connections of clothing from the precolonial times to the present day this sweeping overview of fashion and apparel covers several centuries of american history as seen through the lens of the clothes we wear from the native american moccasin to manolo blahnik s contribution to stiletto heels through four detailed volumes this work delves into what people wore in various periods in our country s past and why from hand crafted family garments in the 1600s to the rough clothing of slaves to the sophisticated textile designs of the 21st century more than 100 fashion experts and clothing historians pay tribute to the most notable garments accessories and people comprising design and fashion the four volumes contain more than 800 alphabetical entries with each volume representing a different era content includes fascinating information such as that beginning in 1619 through 1654 every man in virginia was required to plant a number of mulberry trees to support the silk industry in england what is known about the clothing of enslaved african americans and that there were regulations placed on clothing design during world war ii the set also includes color inserts that better communicate the visual impact of clothing and fashion across eras

nigel yates brings together the religious and social dimensions of the 1950s and 60s and examines the enormous changes in moral attitudes that took place in these two decades much of the popular literature on post war britain tends to present the 1950s as a period of continuing repression and respectability in the area of private and public morality and the 1960s as one in which there was rapid social change using a wide range of contemporary sources books including novels magazines newspapers advertising fashion catalogues films and television as well as a number of significant archive collections nigel yates argues that changes in attitudes to religion and morality in the 1960s were only made possible by developments in the 1950s

analyzing complex social and political issues through their manifestations in popular culture this book provides readers a strong foundational knowledge of the 1960s as a decade 1969 went out in a way that could never have been imagined in 1960 while the president at the end of the decade had been vice president at the start the intervening years permanently changed american culture pop goes the decade the sixties explores the cultural and social framework of the 1960s addressing film television sports technology media advertising fashion art and more entries are presented in encyclopedic fashion organized into such categories as controversies in pop culture game changers technology and the decade s legacy a timeline highlights significant cultural moments while an introduction and a conclusion place those moments within the contexts of preceding and subsequent decades attention to the decade s most prominent influencers allows readers to understand the movements with which these figures are associated and discussion of controversies and social change enables readers to gain a stronger understanding of evolving american social values

three modern maria s weave tales poems and meditations about modern women s lives

warren commission hearings

examines a handful of famous ocean explorers and naturalists including jacque cousteau thor heyerdahl and rachel carson among others to demonstrate how their work helped shape the way many americans would think about and interact with the ocean

environmental history has traditionally told the story of man and nature scholars have too frequently overlooked the ways in which their predominantly male subjects have themselves been shaped by gender seeing nature through gender here reintroduces gender as a meaningful category of analysis for environmental history showing how women s actions desires and choices have shaped the world and seeing men as gendered actors as well in thirteen essays that show how gendered ideas have shaped the ways in which people have represented experienced and consumed their world virginia scharff and her coauthors explore interactions between gender and environment in history ranging from colonial borderlands to transnational boundaries from mountaintop to marketplace they focus on historical representations of humans and nature on questions about consumption on environmental politics and on the complex reciprocal relations among human bodies and changing landscapes they also challenge the ecofeminist position by challenging the notion that men and women are essentially different creatures with biologically different destinies each article shows how a person or group of people in history have understood nature in gendered terms and acted accordingly often with dire consequences for other people and organisms here are considerations of the ways we study sexuality among birds of william byrd s masking sexual encounters in his account of an eighteenth century expedition of how the ecology of fire in a changing built environment has reshaped firefighters own gendered identities some are playful as in a piece on the evolution of snow bunnies to shred betties others are dead serious as in a chilling portrait of how endocrine disrupters are reinventing humans animals and water systems from the cellular level out aiding and adding significantly to the enterprise of environmental history seeing nature through gender bridges gender history and environmental history in unexpected ways to show us how the natural world can remake the gendered patterns we ve engraved on ourselves and on the planet

robert silverberg terry bisson connie willis and seven other masters of science fiction offer imaginative stories that ask such questions as what constitutes attraction in a world where chemistry has taken on a whole new meaning does a man s passion distinguish him from machines or turn him into one what is the future of love an outstanding collection from the pages of asimov s science fiction magazine
