develop easy to follow policies that apply to your department s needs every time an officer discharges his weapon whether or not anyone is hit there is an investigation however most police agencies have allowed their investigations to evolve and change as each incident occurs causing public distrust unnecessary litigation and great h

practical analysis and reconstruction of shooting incidents second edition presents a holistic approach to shooting incident analysis and reconstruction covering the entire spectrum of related

sub disciplines of forensic science the book reviews basic firearm design and function ammunition components and terminology explaining what constitute

anti police media propaganda has created a perception of police shootings that is very different than reality most civilians have never been in a life or death fight so they are left with hollywood and media fiction to educate them about law enforcement altercations the psychology behind officer involved shootings is missing from the public narrative what occurs in the officer s head before during and after the shooting is the story that is rarely told in twelve exciting real life accounts you will discover that police shootings are extremely complicated and the consequences are far greater than most can ever imagine this book shares the story that officers do not get to tell and it will prepare those who have not yet been forced to pull the trigger

the subject of police accountability includes some of the most important developments in american policing the control of officer involved shootings and use of force citizen complaints and the best procedures for handling them federal pattern or practice litigation against police departments allegations of race discrimination early intervention systems to monitor officer behavior and police self monitoring efforts the second edition of the new world of police accountability covers these subjects and more with a sharp and critical perspective it provides readers with a comprehensive description of the most recent developments and an analysis of what works what reforms are promising and what has proven unsuccessful the book offers detailed coverage of critical incident reporting pattern analysis of critical incidents early intervention systems internal and external review of citizen complaints and federal consent decrees

police have remarkably broad discretion to use deadly force evidence shows that more than 1 000 shooting deaths occur each year at the hands of the police in the united states disproportionately in minority communities and often under questionable circumstances despite public outrage there continue to be obstacles to assessing the extent of bias and addressing the harms of police violence including a lack of transparency and limitations on access to data justice required is a groundbreaking quantitative and qualitative investigation of police violence robert j durán and oralia loza provide a comprehensive data analysis of all police shootings in denver colorado over nearly forty years highlighting persistent patterns of racial and ethnic inequality they examine the institutional and political dynamics that thwart efforts to hold police officers accountable after controversial incidents durán and loza contextualize the data with regional comparisons and enliven the analysis with vivid storytelling justice required argues that while police shootings are typically treated as a criminal justice issue they should be understood as a public health problem rigorous and urgent this book provides evidence based data driven solutions to prevent further loss of life and promote accountability

this book takes an in depth look at the lapd over a 60 year period it is about the ways in which the use of force particularly deadly force has been controlled or not by internal and external forces the department has been at the center of numerous controversies including the killing of eula love 1977 the beating of rodney king 1991 the riots that followed the acquittal of officers in the king beating 1992 the rampart scandal 1999 questionable officer involved shootings oiss and the complaints of over policing during the george floyd protests 2020 at the same time however the department has been at the forefront of change and innovation it continuously revises its policies

regarding use of force implements new training curricula and has developed an extensive accountability process some of these changes have occurred voluntarily others have been imposed or mandated upon them yet despite these changes the lapd and its officers continue to be embroiled in issues regarding controversial shootings charges of racial bias and questionable tactics during social justice protests the book is grounded in data analysis historical documents and personal observations by the author it provides details about each of the controversies and solutions that occurred and most significantly it includes recommendations about how to make these positive changes permanent

extrajudicial executions have blighted parts of the world for generations but criminological coverage has been superficial and selective in that it has concentrated on south america giving the impression that this is a problem specific to that part of the world and associated with military rule dictatorial regimes and colonial heritage permission to shoot police use of deadly force in democracies brings a new dimension to the problem of police abuse of deadly force by concentrating on india and the united states both large democracies and vibrant superpowers in the book the research is based on primary sources interviews with police officers of varying ranks those who are involved in the killings those who facilitate such operations and those who are mute spectators the book deals with universal fundamental themes such as what makes ordinary decent human beings do horrible things what motivational techniques and justifications are used to override social norms governing moral conduct centring on the sector of society mandated to use deadly force against civilians why in a democratic country the abuse of police powers appears to be overtly and tacitly encouraged permission to shoot seeks to provide broad guidelines and recommendations for reforms in policing policy and practice in developing countries the research peels back the lies and deceit that surround this issue but more than that it shows how those lies and deceit act to support the practice itself
