filled with explosive new information this is the definitive inside story of the case that captivated the nation and the verdict

that no one saw coming it was the trial that stunned america the verdict that shocked us all on july 5 2011 nearly three years after her initial arrest casey anthony walked away virtually scot free from one of the most sensational murder trials of all time she d been accused of killing her daughter caylee but the trial only left behind more questions was she actually innocent what really happened to caylee was this what justice really looked like in imperfect justice prosecutor jeff ashton one of the principal players in the case s drama sheds light on those questions and much more telling the behind the scenes story of the investigation the trial and the now infamous verdict providing an inside account of the case ashton a career prosecutor for the state of florida goes where the press and pundits have only speculated detailing what really happened during the investigation showing how the prosecution built their case and explaining how a woman so shrouded in suspicion was proclaimed innocent moving beyond the simple explanations ashton offers an in depth look at the complex figure of casey anthony a woman whose lies he spent three years trying to understand and yet this focus on casey came with its own risks here he details how this widespread fixation on casey both in the media and in the trial may have undermined the case itself as everyone got caught up in the quest to understand the supposed villain somehow the victim caylee was all but forgotten not just to the public but more important to the jury complete with never before revealed information about the case and the accused ashton examines what the prosecution got right what they got wrong and why he remains completely convinced of casey anthony s guilt

new york times bestseller presumed guilty exposes shocking never before revealed exclusive information from the trial of the

century and the verdict that shocked the nation when Caylee Anthony was reported missing in Orlando, Florida, in July 2008. The public spent the next three years following the investigation and the eventual trial of her mother, Casey Anthony, on July 5, 2011. The case that captured headlines worldwide exploded when, against all odds, defense attorney Jose Baez delivered one of the biggest legal upsets in American history: a not guilty verdict. In this tell-all, Baez shares secrets the defense knew but has not disclosed to anyone until now and frankly reveals his experiences throughout the entire case: discovering the evidence, meeting Casey Anthony for the first time, being with George and Cindy Anthony day after day, leading defense strategy meetings, and spending weeks in the judge's chambers. Presumed guilty shows how Baez, a struggling high school dropout, became one of the nation's most high-profile defense attorneys through his tireless efforts to seek justice for one of the country's most vilified murder suspects.

A short summary of the Casey Anthony case: a narcissist, pathological liar, party mother, and murder who was found not guilty after killing her daughter, Caylee Anthony, in 2008. This is a short telling of ex-mother Casey Anthony's life before and after Caylee Anthony's passing. Disturbed and angered, the nation's readers will also learn about the whole Anthony family household: where are the Anthonys now? The Casey and Caylee Anthony case: each member who participated in the filicide trial and how to deal with unwanted pregnancies. What Casey Anthony is doing now will shock the reader. A snippet from the book: The trial was immensly immersed to the O.J. Simpson murder case both for its wide-spread media attention and initial shock at the not guilty verdict. At the start of the trial, dozens of people moved to the Orange County Courthouse, hoping to secure one of 50 seats given to the public at the murder trial. Because the case received such thorough media attention in Orlando, jurors were brought in from pinelands counties, Florida, and sequestered for the entire trial. The case became a macabre tourist attraction as people camped outside for seats in the courtroom where scuffles often broke out among those wanting inside. The New York Post described the trial as going from being a newsworthy case to one of the biggest ratings draws in recent memory. And Time Magazine dubbed it the social media trial of the century. Cable news channels and network news programs became intent upon covering the case as extensively as they could so that soft-core, executive view, reminiscent of HLN, said it was not about policy but

rather than the very strong human dimension of the case that drove the network to cover it the audience for hln & nancy gross rose more than 150 percent and other new channels deciding to focus on the trial saw their ratings double and trial hln achieved its most watched hour in network history 4 575 million and peaked at 5 205 million when the verdict was read according to the christian post the o j simpson case had a 91 percent television viewing audience with 142 million people listening by radio and watching television so the verdict was delivered the simpson case was the longest trial ever held in california costing more than 20 million to fight and defend running up 50 000 pages of trial transcript in the process the case anthony trial was expected to far exceed these numbers opinion varied on what made the public thoroughly invested in the trial safon argued the anthony having been a regular and unremarkable family with complex relationships made them intriguing to watch in a special piece for cnn anthropologist frank farley described the circumstantial evidence as all over the map and that combined with the rampant lying significant contradictions and flow of testimony and questionable or bizarre theories of human behavior it is little wonder that this nation was glued to the tube he said it was a trial that was both a anthropologist's dream and nightmare and believes that much of the public's fascination had to do with the uncertainty of a motive for the crime psychologist karl mabridge discussed how some mothers stray away from the quintessential archetype expected of mothers who want so badly to hang onto the belief system that mothers don't harm children he stated it is fascinating that the defense in the anthony case found a way to blame the father while we don't know what is true and maybe never will it is worth taking a look at the narcissistic family when maternal narcissism rules the roost
