results from the forbidden human act by lynn latham for a long time lynn latham wanted to know why humans have been performing such forbidden acts of behavior that caused their children to be born with slow learning abilities to almost mental retardation physical handicaps prenatal mortality social problems malformations and many other problems what latham discovered is that these mental and physical problems the children are having can be stopped if humans will stop performing this forbidden act he is sickened at what he has discovered the worst thing is that humans performing this act are not smart enough to realize they are doing wrong there are many good and respectful humans but these are not the ones he is referring to in this book

the 1970s were a complex multilayered and critical part of a long era of profound societal change and an essential component of the decade before several of the most iconic events of the sixties occurred in the ten years that followed the hidden 1970s explores the distinctiveness of those years a time when radicals tried to change the world as the world changed around them this

powerful collection is a compelling assessment of left wing social movements in a period many have described as dominated by conservatism or confusion scholars examine critical and largely buried legacies of the 1970s the decade of nixon s fall and reagan s rise also saw widespread indigenous militancy prisoner uprisings transnational campaigns for self determination pacifism and queer theories of play as political action contributors focus on diverse topics including the internationalization of black power and native sovereignty organizing for puerto rican independence among latinos and whites and women s self defense essays and ideas trace the roots of struggles from the 1960s through the 1970s providing fascinating insight into the myriad ways that radical social movements shaped american political culture in the 1970s and the many ways they continue to do so today

solving a cold case is extremely difficult and many are left unresolved in this book retired ncis special agent joe kennedy details the methodology he created to solve cold case murders he offers an in depth behind the scenes look into why cases go cold how they are investigated and what is needed to successfully resolve them author kennedy shares his motivations and the lessons he has learned while solving these challenging cases also examined are cold cases where other detectives have successfully implemented kennedy s methodology many books delve into the perspectives of criminals who commit murder but this text takes a fascinating gumshoe journey into the mind of a cold case detective and his passionate search for the truth helping law enforcement solve cold cases brings justice and resolution for the victims and their families and this book provides detectives and true crime enthusiasts the tools to investigate cold cases in their own communities
