two new chapters on swing java s web application framework previous editions have sold more than 130 000 copies in the u s and hundreds of thousands internationally three books in one a rich tutorial a language reference and an advanced programming guide

this work demonstrates that not everything that disney touched turned to gold in its first 100 years the company had major successes that transformed filmmaking and culture but it also had its share of unfinished projects unmet expectations and box office misses some works failed but nevertheless led to other more stunning and lucrative ones others shed light on periods when the disney company was struggling to establish or re establish its brand in addition many disney properties popular in their time but lost to modern audiences emerge as forgotten gems by exploring the studio s missteps this book provides a more complex portrayal of the history of the company than one would gain from a simple recounting of its many hits with essays by writers from across the globe it also asserts that what endures or is forgotten varies from person to person place to place or generation to generation what one dismisses someone else recalls with deep fondness as a magical disney memory

the pacific crossing guide is a complete reference for anyone contemplating sailing the pacific in their own boat from ideal timing suitable boats routes methods of communication health and provisioning to seasonal weather departure and arrival ports facilities likely costs and dangers the comprehensiveness of this new edition will both inspire dreamers and instil confidence in those about to depart this new edition has been completely restructured with part 1 covering thorough preparation for a pacific crossing and part 2 covering pacific weather patterns major routes and landfall ports with useful website links throughout there are completely new sections on rallies coral atolls and atoll navigation the cyclone season and laying up use of electronic charts satellite phones versus hf radio ongoing maintenance and pacific festivals completely updated expanded and refreshed for the new generation of pacific cruisers this is the definitive reference relied upon by many thousands of cruisers

the imagination of america s political elites is dominated by a unipolar vision according to which the world is dominated by the united states but the real world is increasingly plural and others instinctively fear and resist the american vision chapters 2 and 3 of this book look at the disastrous consequences of the vision at work in the middle east and in europe chapters 4 5 and 6 assess the limits of american power chapter 7 discusses the problems of order and coexistence in a world that is not unipolar but increasingly plural it speculates on the possible contributions and likely fate of both

old america and new europe as models for organizing the future america's own constitutional equilibrium david calleo argues increasingly requires friendly balancing from europe both sides of the west must liberate their imaginations from past triumphs to face their responsibilities to the new world and to each other

this volume analyzes the development of the reactions to covid 19 by governments the public and the crime patterns in 16 european countries all countries are members of the european union and share common european norms and values but the covid 19 pandemic can serve as an example of how these norms and values are interpreted differently with regard to people's trust in public institutions governmental control strategies dealing with fear anxiety and other emotional responses to the new virus crime patterns and law enforcement priorities to prevent and combat them the volume provides empirical data based on available statistics media analysis and qualitative data from interviews and observations and examines the similarities and differences in crime patterns and the consequences for local communities and law enforcement priorities

a fortnightly bulletin on financial and political trends

it is impossible to reflect on 2020 without discussing covid 19 the term literally meaning corona co virus vi disease d of 2019 has become synonymous with the virus corona and the pandemic the impact of the virus on our lives is unprecedented in modern human history in terms of scale depth and resilience when compared to other epidemics that have plagued the world in recent decades covid 19 is often referred to as being much more deadly and is associated with advances in technology which scientists have described as revolutionary from politics to economics spanning families and continents covid 19 has unsettled norms cultural clashes are intensified politics are even more polarized and regional tensions and conflicts are on the rise global trade patterns and supply chains are increasingly being questioned and redrawn the world is being atomized and individuals are forced to accept the new normal in their routines in an attempt to combat the virus and minimize its detrimental effects countries have undertaken different preventive strategies and containment policies some have successfully curbed the spread of covid 19 while many others remain in limbo doing their best to respond to outbreaks in cases to gain a better understanding of how to fight covid 19 it is imperative to evaluate the success and failures of these approaches under what conditions is an approach successful when should it be avoided how can this information be used to avoid future pandemics this volume offers informative comparative case studies that shed light on these key questions each country case is perceptively analyzed and includes a detailed timeline allowing readers to view each response with hindsight and extrapolate the data to better understand what the future holds taken as a whole this collection offers invaluable insight at this critical juncture in the covid 19 pandemic in the post truth era such careful documentation of the facts is especially welcome dr tania burchardt associate professor department of social policy london school of economics and political science the end is not yet in sight for the pandemic but in these pages the key factors in its development and some possible solutions for the future are laid out in ways that make it indispensable reading prof david s g goodman professor of china studies and former vice president academic xi an jiaotong liverpool university suzhou this book is an important and groundbreaking effort by social scientists to understand on how states have been managing the crisis kevin hewison weldon e thornton distinguished emeritus professor university of north carolina at chapel hill this is exactly the kind of research that will contribute to our fight against covid 19 tak wing ngo university of macau a well researched book on covid 19 highlighting the value of the meticulous fact based groundwork by an international team carlson tong gbs jp former chairman securities and futures commission hong kong chairman university grants committee hong kong
