*adverse childhood experiences and their life long impact explores how these experiences influence cognitive behavioral and social experiences in adulthood the book conceptualizes the types of violence abuse neglect and or trauma that factor into aces it also explores the psychopathological outcomes of aces among children including neurodevelopmental and psychosocial mechanisms by drawing on cross cultural perspectives the authors provide insight into the variations between the adversity and trauma children experience sections also cover preventive measures risk factors and various forms of interventional treatment making this book a core read for psychologists physicians social workers educators and researchers in the field provides a comprehensive framework for understanding adverse childhood experiences reviews the link between ace and homelessness substance abuse and physical and or sexual violence in adulthood highlights key components of cross cultural perceptions on child abuse and neglect including differences of gender explores options for prevention and intervention for those who experience adverse childhood experiences*

*the role of behavioral and social sciences in the courtroom setting has expanded exponentially in the past few decades it is now widely recognized that scientists in these areas provide critical contextual information for legal decision making and that there is a reliable knowledge base for doing so while there are many handbooks of forensic psychology this is the first such volume to incorporate sociological findings broadening the conceptual basis for examining cases in both the civil and criminal realms including immigration issues personal injury child custody and sexual harassment this volume will examine the responsibilities of expert witnesses and consultants and how they may utilize principles theories and methods from both sociology and psychology it will show these disciplines together can improve the identification and apprehension of criminals as well as enhance the administration of justice by clarifying profiles of criminal behavior particularly in cases of serial killers death threat makers stalkers and kidnappers the volume is quite comprehensive covering a range of medical school environmental and business settings throughout it links basic ideas to real applications and their impact on the justice system*

michael jackson died in 2009 but he has never really left us and there are no signs he ever will a globally acclaimed child star in the 1970s the world's premier entertainer in the final decades of the 20th century a perplexingly odd character in the 21st century jackson defied every known category and became borderline incomprehensible to remedy this in the destruction and creation of michael jackson ellis cashmore reflects the restless unorthodox and mysterious life jackson led in order to understand more about him as well as his cultural impact exploring how jackson emerged from the post civil rights era when america was searching for someone who symbolized a new age as it struggled to unburden itself of racial inequality cashmore's book is the first to examine jackson's career through the prisms of american racial politics and celebrity culture uniquely structured beginning in the present and journeying back to jackson's birth the destruction and creation of michael jackson will excite and enliven debates on this controversial figure one that very much continues to remain embedded within our culture

confusion splitting shame and guilt are problematic feelings for all people with complex lasting ramifications associated with dissociative processing in the psychic direct or indirect interpersonal violence in particular however creates a multiple of these gruelling conditions and that too in very paradoxical states so that one feels torn apart although one has acted correctly or feels guilty for something one has not done at all or feels shame for an abuse one has survived as a victim a variety of such interesting phenomena are explained by experts in such a way that both practitioners and trauma clients and non professionals can understand them well photos from the therapy facilitate the clarity and show in particular spim 30 programme treatment settings for which derivations can be found in this book

this book examines the justice gap and trial process for sexual assault against both adults and children in two jurisdictions england and wales and new south wales australia drawing on decades of research it investigates the reality of the policing and prosecution of sexual assault offences often seen as one of the hardest crimes to prosecute across two similar jurisdictions despite the introduction of the many reform options detailed in the book satisfactory outcomes for victims and the public are still difficult to obtain cossins takes a new approach by examining the nature and effects of adversarialism on vulnerable witnesses jury decision making and the structures of power within the trial process to show how and at what points that process is weighted against complainants of sexual assault in order to make evidence based suggestions for reform she argues that this justice gap is a result of a moralisticadversarial culture which fosters myths and misconceptions about rape and child sexual assault thus requiring the prosecution to prove a complainant's moral worthiness she argues this culture can only be eliminated by a radical replacement of the adversarial system with a trauma informed system by reviewing the relevant psychological literature this book documents the triggers for re traumatisation within an adversarial trial and discusses the reform measures that would be necessary to transform the sexual assault trial from one where the complainant's moral worthiness is on trial to a fully functioning trauma informed system it speaks to students and academics across subjects including law criminology gender studies and psychology and practitioners in law and victim services as well as policy makers

this book examines the critical connections between criminal justice and public health perspectives on violence and crime violent crime involves not only criminal justice agencies but social agencies community groups and public and private healthcare organizations the authors provide a broad overview of prevalent forms of violence focusing on how criminal justice and public health perspectives converge in the examination of and response to these issues the book looks at the nexus of public health with problems as varied as assaultive violence child abuse rape and sexual abuse interpersonal violence elder abuse suicide police violence teenage bullying workplace violence firearm injuries and opioid addiction the authors lay out a structure for an epidemiological approach to studying violent crime and offer policy recommendations for using both criminal justice and public health approaches to prevent violence this volume spotlights the connections between violent crime and public health and urges a consideration of public health in efforts to prevent and control violent crime it is ideal for courses on violence in criminology criminal justice sociology and social work and an invaluable tool for practitioners policymakers researchers advocates and community volunteers in criminal justice public health and social service

morbid obesity is an epidemic as more than 2/3 of the united states population is obese and as such has a high burden of weight related co morbid diseases bariatric surgery has proven to be effective and durable for treatment of severe obesity technological advances including applications of laparoscopy and endolumenal techniques have rapidly advanced this field data and outcomes examining treatments have also improved and as providers we have a wide spectrum of therapeutic options to treat patients as techniques and outcomes have evolved access to a comprehensive yet focused resource regarding bariatric surgery is currently

male and female survivors share their stories to let other victims know they are not alone also includes answers to basic questions about child sexual abuse guidance in selecting a professional counselor and additional resources to help former victims and their families begin their journey to recovery

this book provides an overview of the problem of the molestation of children and includes the issue of false accusations it analyzes the subject of incest and discusses both treatment and assessment

every little girl dreams of being a princess she just wants to be her daddy s little girl and for her mommy to come back finding anna is a gripping first hand account of a child who survives the horror of sexual abuse and abandonment in a society that turns a blind eye to the stark reality of molestation child abuse and sexual exploitation a love child unwittingly passed on from one caretaker to the next so that her mother could provide for herself and her young daughter eventually ends up being abandoned and abused she discovers the painful reality that life can be cruel it wasn t an easy life she struggles with trying to understand why she was abandoned and deals with various psychological trauma from being sexually abused what does the future hold for one human being whose soul had been tormented and repeatedly raped in various forms

in the wake of recent violence our nation has experienced and the paranoia that has ensued we ve directed our attention to potential terrorists in our midst yet our children face more risk from people they know than from terrorists they have never met an estimated one in five girls and one in ten boys in the united states experience some form of sexual abuse by age eighteen what could possibly motivate a person to molest a child not monsters documents the stories of nine convicted child molesters through one on one interviews listening to what offenders have to say about their crimes and exploring the roots of these behaviors from a social constructionist perspective their words paint a compelling and frightening portrait of how sexual abuse works in western culture to perpetuate a political and social system of dominance and control

the stop child molestation book has been called groundbreaking hard hitting and a must read for every family in america what makes this a break through book is its plan of action to put an end to child molestation using new facts from their study of 16 000 people gene g abel m d and nora harlow urge families to take three powerful steps to protect their children we want to stop child molestation in the united states before we die only a few years ago that goal seemed laughable now the breakthroughs in testing medicine and therapies will stop the people who molest children child molestation with its at least 39 million adult survivors and more than three million child victims can end the problem we face is getting the word out everything you need

to know is in this book we ask you to read it we ask you to tell others and we ask you to become a hero and step forward to protect the children closest to you gene gabel m d and nora barlow

when you listen to the local news or read the newspaper and learn of someone accused of sexual abuse of a child what goes through your mind do you consider the person a monster do you view the behavior as monstrous do you look at people in your neighborhood and wonder if there is any concern for your children do you wonder about relatives and friends go of sexual abuse of children actually occurs with someone known to the child this is a very scary subject it is devastating to think that one of our children could be victimized in this way but how much do we know about child sexual abuse and what do we need to know kenneth quinn has written about the thinking and subsequent behavior process over an 18 year period which culminated in child sexual abuse the book is not written as a defense of this behavior it is written with the goal of promoting discussion this behavior and how it developed over time the second part of the book deals with how the assumptions about life were challenged and confronted which has resulted in a healthier life style which promotes community safety it is the story of honest self reflection tough love and healing one way to measure this healing is that ken will be a grandparent and is included as a grandparent even with his past the book outlines how this has occurred the final section of the book discusses research on child sexual abuse and the various means of approaching the subject there is not one correct or accepted way each view is examined use of sex offender registries is examined as a means of promoting community safety or the illusion of community safety each reader is encouraged to look at the evidence presented and come to their own conclusions a final section examines treatment modalities for child sexual abusers including one in germany that offers a unique potential solution

warning another heartbreaking true story of a child sex abuse and rape is a short book approximately 40 pages child abusers can be anyone it can be the mother you see at all of the pta meetings trey is a single man who has experienced abuse at the hands of his mother i ve never confronted her about what she did to me and how it affected me trey s story is one that isn t often heard

this timely book traces shifting social responses to adult sexual contacts with children whether this involves molestation by strangers or incestuous acts by family members while not minimizing sexual abuse of children the book places reactions to the problem in a broad political cultural context
