with the vague intention of winning hearts and minds in afghanistan the us government has mismanaged billions of development and logistics dollars bolstered the drug trade and dumped untold millions into taliban hands that is the sobering message of this scathing critique of our war effort in afghanistan according to this book america has already lost the war while conducting extensive research and fieldwork in afghanistan s war zones a drumbeat of off the record and offhand remarks pointed the author to one conclusion we blew it the sentiment was even blazoned across a us military fortification as the author saw at forward operating base mehtar lam in insurgency wracked laghman province i glanced over at a concrete blast barrier while waiting for a helicopter wissing says someone had spray painted in jagged letters the game you lost it the author s vivid narrative takes the reader down to ground level in frontline afghanistan it draws on the voices of hundreds of combat soldiers ordinary afghans private contractors aid workers international consultants and government officials from these contacts it became glaringly clear as the author details that american taxpayer dollars have been flowing into taliban coffers courtesy of scandalously mismanaged us development and counterinsurgency programs with calamitous military and social consequences this is the first book to detail the toxic embrace of american policymakers and careerists afghan kleptocrats and the opportunistic taliban the result us taxpayers have been footing the bill for both sides of a disastrous afghanistan war

chris brown is a prominent international political theorist who has contributed to debates on pluralism justice and human rights this book draws together seventeen of his most important and influential articles from the last twenty years these essays include influential statements on the role of normative theory and international ethics the so called cosmopolitan communitarian debate and anti foundationalist thought in international relations as well as important contributions to rawlsian and post rawlsian theories of international and global justice the most recent papers address subjects such as the notion of global civil society and controversies over the ethics of pre emptive warfare and the inevitably selective nature of humanitarian interventions the book includes a framing introduction written for this volume in which brown discusses his own influences and the evolution of his thinking throughout his career although this evolution has involved a progressively less critical viewpoint towards liberal thought and liberal internationalism and a greater commitment to universal values some things have remained constant in particular a focus on the importance of political judgement and scepticism directed towards the idea that there are simple solutions to complex problems the collection ends fittingly with a critique of the popular cosmopolitanism of figures such as bono and bob geldof this collection will be essential reading for all scholars and graduates with an interest in international political theory

from chants and pamphlets to the internet terrorist propaganda can be deadly effective propaganda used by terrorists and armed groups might not always be the most sophisticated or nuanced form of rhetoric but with the right mix of emotion and logic it can be extremely effective in motivating supporters and frightening opponents this book examines how terrorist groups in recent history have used propaganda and how they had adapted to new communications technologies while retaining useful techniques from the past and how they have bowdlerized trace how armed groups and terrorists around the globe have honed their messages for maximum impact both on the communities they hope to persuade to support them and on the official state organs they hope to overthrow sometimes both the messages and the techniques are crude others are highly refined carefully crafted appeals to intellect or emotion embracing the latest forms of communications technology whatever the ideas or methodology all are intended to use the power of ideas along with force to project an image and to communicate not merely intimidate the terrorist argument uses nine case studies of how armed groups have used communications techniques with varying degrees of success radio newspapers song television books e magazines advertising the internet and social media it is fascinating reading for anyone interested in civil conflict terrorism communications theory and practice or world affairs in general
