we visit north korea takes middle school students on a wonderful journey to the asian country of north korea the book is written in a lively and interesting style that makes north korea come alive the title contains north korea s history geography conflicts culture religions politics economy and most importantly contemporary life in the country today the country s vital statistics timeline place in the world and a native recipe and craft are included the book has been developed to address

many of the common core specific goals higher level thinking skills and progressive learning strategies from informational texts for middle grade and junior high level students

the essential book for visitors making short guided visits to north korea or living there for longer periods

to most of the world north korea remains a secretive and mysterious nation one that has tightly controlled the outflow of information in order to groom its public image this book chronicles a rare regime sanctioned excursion by a north american into the heart of the democratic people s republic of korea what is revealed is often what s expected such as the adoration of leaders excursions to national monuments and exposure to propaganda relating to self sufficiency but as a korean speaker the author gathered a lot more information than the scripted english narration provided by his korean guides behind the propaganda of the communist regime the authentic eye opening north korea is revealed

two major features of international relations at the beginning of the 21st century are global governance and the rise of china global governance advocating global norms requires intervention into sovereign domains in defiance of those norms however an ascendant china adheres to a classic stance on sovereign integrity which prohibits such intervention whether or not china will ultimately sinicize global governance or become assimilated into global norms remains both a theoretical and a practical challenge both challenges come from china s alternative style of global governance which embodies the doctrine of balance of relationship in contrast with the familiar international relations embedded in balance of power or balance of interest an understanding of china s intervention policy based upon the logic of balance of relationship is therefore the key to tackling the anxiety precipitated by these theoretical as well as practical challenges

you remember eat pray love and under the tuscan sun yeah this really isn t like those it s better san francisco chronicle most people want out of north korea wendy simmons wanted in in my holiday in north korea the funniest worst place on earth wendy shares a glimpse of north korea as it s never been seen before even though it s the scariest place on earth somehow wendy forgot to check her sense of humor at the border but wendy s initial amusement and bewilderment soon turned to frustration and growing paranoia before long she learned the essential conundrum of tourism in north korea travel

is truly a love affair but just like love it's a two way street and north korea deprives you of all this they want you to fall in love with the singular vision of the country they're willing to show you and nothing more through poignant laugh out loud essays and ninety two never before published color photographs of north korea wendy chronicles one of the strangest vacations ever along the way she bares all while undergoing an inner journey as convoluted as the country itself much of the humor and poignancy comes from the absurdity of a fun loving free spirit taking a vacation that's more rigidly scripted and controlled than a presidential motorcade simmons photos including an eerie image of a classroom full of schoolgirls playing accordions further illustrate the bizarre nature of a country that whether for good or bad has been carefully controlled for generations san francisco chronicle an irresistible read a rare and fascinating look at the tourist's north korea in a work that is humorous appalling and very sad a highly recommended and revealing glimpse into a secretive land library journal

this new edition of bradt s north korea has been completely written from scratch and remains the only standalone guide to what is often regarded as the world s most secretive state a place never far from media scrutiny but about which very little is actually known in the wider world detailed is everything you need to know for a successful visit from the practicalities of how to get there and who to go with to cultural sensitivities and etiquette safety money and travelling around amongst the

places covered are the supra centrally planned showcase capital of pyongyang panmunjom where north meets south face to face inside the 4km wide dmz the dividing line between two nations and one people kumgansan tourist resort the chiefly south korean built resort offering fantastic hikes and paektusan the highest peak in all of korea and manchuria

these selected speeches of roh tae woo the president of the republic of korea cover the years 1990 1991 and 1992 the president addresses the issues of reunification of south and north korea democracy and prosperity in the republic korea s place in the world relations with japan and the former soviet union korea as a leader in the asia pacific region and relations between korea and the west an introduction summarizes the principal themes of the president s speeches as an aid to reference and study

the legendary spy thriller from bestselling author robert littell whose newest book the company is receiving rave reviews and acclaim is finally back in print fans reviewers and booksellers will cheer this first novel originally published in 1973 established littell as a master and immediately elevated him to the ranks of john le carré len deighton and graham greene the defection of a j lewinter is a masterpiece of irony and intrigue an unconventional and gripping anatomy of a defection a j lewinter is an american scientist for years an insignificant cog in america s complex defense machinery while at an academic conference in tokyo he contacts the kgb station chief and tells him he wants to defect he tantalizes the russians with u s military secrets he claims to possess but is his defection genuine neither the russians nor the americans are sure and lewinter is swept up in a terrifying political chess match of deceit and treachery each side struggles to anticipate its opponent s next move and the superpowers are locked in a deadly contest that exploits friendships destroys loyalties and manipulates human beings as expendable pawns deft and dazzlingly plotted this is the book that introduced robert littell the opening shot of a brilliant career

after the nixon and ford administrations liberal democrats hoped jimmy carter s election in 1976 would restore the new deal agenda in the white house instead during four tumultuous years in office carter endorsed many of the fiscal and economic policies later espoused by his republican successor ronald reagan but carter also backed most new deal social programs and

however reluctantly pursued a traditional containment foreign policy in this book more than a dozen eminent scholars provide a balanced overview of key elements of carter s presidency examining the significance of his administration within the context of evolving american policy choices after world war ii they seek not only to understand the troubled carter presidency but also to identify the changes that precipitated and accompanied the demise of the new deal order by the time carter took office many americans had become disenchanted with big government and welfare spending and his presidency is viewed in these pages as a transitional administration as this volume demonstrates carter s dilemma emerged from his effort to steer a course between traditional expectations of federal government and new political and economic realities while most of the contributors agree that his administration may be justly criticized for failing to find that course they generally conclude that carter was more successful than his critics acknowledge these thirteen original essays cover such topics as the economy trade and industrial policies welfare reform energy environment civil rights feminism and foreign policy they offer thoughtful assessments of carter s performance focusing on policy both as cause and effect of the post industrial transformation of american society that shadowed his administration a final essay shows how carter s public spirited post presidential career has made him one of america s greatest ex presidents grounded on research conducted at the carter library the carter presidency is an incisive reassessment of an isolated democratic administration from the vantage point of twenty years it is a milestone in the historical appraisal of that administration inviting us to take a new look at jimmy carter and see what his presidency represented for a dramatically changing america
