why has china s authoritarian government under xi jinping retained popular support without political reforms drawing on chinese social media data in this book titus c chen argues that china s digital propaganda and information control techniques the monopolistic exercise of market authoritarianism have empowered the

xi administration to manipulate public discourse and shape public opinion via social media chen argues that these techniques forge a sense of community and unite the general public under the chinese government thereby legitimating autocratic rule by enhancing our understanding of china s digital ideological statecraft the book makes a major contribution to the fields of china studies and political communication
