recipient of a 2018 preserve louisiana award and a 2018 coastal stewardship award fragile grounds compiles stories and photographs of endangered cemeteries throughout louisiana s coastal zone and beyond these burial places link the fragile land to the frailty of the state s threatened community structures the book highlights the state s vibrant diversity by showing its unique burial customs and traditions while it also identifies the urgent need for ongoing documentation of cultural elements at risk cemeteries associated with the culturally rich communities of louisiana reflect the history and global settlement patterns of the state yet many are endangered due to recurring natural and man made events nearly 80 percent of the nation s coastal land loss occurs in louisiana coastal erosion sinking land flooding storm surge and sea level rise have led to an inland migration that threatens to unravel the fabric of louisiana and by association hastens the demise of its burial places as people are forced inland migrants abandon neglect or often overlook cemeteries as part of the cultural landscape in terms of erosion when the land goes the cemetery goes with it cemeteries fall prey to inland and coastal flooding as cities grow outward urban sprawl takes over the landscape cemeteries lose out to forces such as expansion eminent domain and urban neglect not only do cemeteries give comfort for the living but they also serve as a vital link to the past once lost that past cannot be recovered

winner of the 2018 louisiana literary award given by the louisiana library association for centuries outlanders have openly denigrated louisiana s coastal wetlands residents and their stubborn refusal to abandon the region s fragile prairies tremblants despite repeated natural and more recently man made disasters yet the cumulative environmental knowledge these wetlands survivors have gained through painful experiences over the course of two centuries holds invaluable keys to the successful adaptation of modern coastal communities throughout the globe as hurricane sandy recently demonstrated coastal peoples everywhere face rising sea levels

disastrous coastal erosion and inevitably difficult lifestyle choices along the bayou state's coast the most insidious challenges are man made since channelization of the mississippi river in the wake of the 1927 flood which diverted sediments and nutrients from the wetlands coastal louisiana has lost to erosion subsidence and rising sea levels a land mass roughly twice the size of connecticut state and national policymakers were unable to reverse this environmental catastrophe until hurricane katrina focused a harsh spotlight on the human consequences of eight decades of neglect yet even today the welfare of louisiana's coastal plain residents remains at best an afterthought in state and national policy discussions for coastal families the gulf water lapping at the doorstep makes this morass by no means a scholarly debate over abstract problems ain't there no more renders an easily read history filled with new insights and possibilities rare previously unpublished images documenting a disappearing way of life accompany the narrative the authors bring nearly a century of combined experience to distilling research and telling this story in a way invaluable to louisianans to policymakers and to all those concerned with rising sea levels and seeking a long term solution

what should we do with the things we inherit in ten intimate essays as vivid as fiction and as varied as music melora wolff's bequeath presents a flawed funny impressionable narrator who tries to solve the mysteries of bequeathed artifacts family myths and haunting mistakes while also figuring out how to grow up in dangerous glamorous 1970s new york city with a wide range of voices comic lyric collective personal joyful and deeply elegiac wolff pays homage to her musician father and family as she roams a past rich with cultural touchstones and indelible characters from west side story and lost in space to leonard bernstein and gloria steinem bequeath explores the legacies we impose and bestow on one another

rainbow fleur de lis essays on queer new orleans history is an anthology of eighty five short easy to read essays that originally appeared in ambush magazine and french quarter journal author frank perez has collected essays on a wide variety of topics in lgbtq history and arranged them into multiple sections each section contains five essays and begins with a brief introductory overview that ties the individual pieces together the book opens with gay carnival and provides a unique glimpse behind the scenes of this distinct new orleans tradition bars and gay spaces examines the ever shifting queer centers of gravity throughout the french quarter the section on the aids epidemic demonstrates how by the end of the 1980s new orleans was a model city for providing aids related services arts and letters highlights figures such as lesbian photographer frances benjamin johnston and playwright tennessee williams the next section looks at homophobia in new orleans in the 1950s activists and activism traces the birth and rise of queer activism in new orleans historical surveys of several organizations are then provided followed by a unit on the up stairs lounge fire a section on southern decadence follows before the book turns its attention to how gay men saved the french quarter a hundred years ago several legendary entertainers are then featured as is the history of pride in new orleans the book closes with a section on historical scholarship and several interview transcripts altogether these essays provide an invaluable resource on new orleans lgbtq history

born into poverty in mississippi at the close of the nineteenth century charley patton and jimmie rodgers established themselves among the most influential musicians of their era in tune tells the story of the parallel careers of these two pioneering recording artists one white one black who moved beyond their humble origins to change the face of american music at a time when segregation formed impassable lines of demarcation in most areas of southern life music transcended racial boundaries jimmie rodgers and charley patton drew inspiration from musical traditions on both sides of the racial divide and their songs about hard lives raising hell

and the hope of better days ahead spoke to white and black audiences alike their music reflected the era in which they lived but evoked a range of timeless human emotions as the invention of the phonograph disseminated traditional forms of music to a wider audience jimmye rodgers gained fame as the father of country music while patton s work eventually earned him the title king of the delta blues patton and rodgers both died young leaving behind a relatively small number of recordings though neither remains well known to mainstream audiences the impact of their contributions echoes in the songs of today the first book to compare the careers of these two musicians in tune is a vital addition to the history of american music

modern american spiritualism blossomed in the 1850s and continued as a viable faith into the 1870s because of its diversity and openness to new cultures and religions new orleans provided fertile ground to nurture spiritualism and many séance circles flourished in the creole faubourgs of tremé and marigny as well as the american sector of the city melissa daggett focuses on le cercle harmonique the francophone séance circle of henry louis rey 1831 1894 a creole of color who was a key civil rights activist author and civil war and reconstruction leader his life has so far remained largely in the shadows of new orleans history partly due to a language barrier spiritualism in nineteenth century new orleans focuses on the turbulent years between the late antebellum period and the end of reconstruction translating and interpreting numerous primary sources and one of the only surviving registers of séance proceedings daggett has opened a window into a fascinating life as well as a period of tumult and change she provides unparalleled insights into the history of the creoles of color and renders a better understanding of new orleans s complex history the author weaves an intriguing tale of the supernatural of chaotic post bellum politics of transatlantic linkages and of the personal triumphs and tragedies of rey as a notable citizen and medium wonderful illustrations reproductions of the original spiritual communications and

photographs many of which have never before appeared in published form accompany this study of rey and his world

theodore g manno traces the history of nutria from their natural range in south america to their status as an invasive species known for destroying the environmentally and economically important wetlands along the gulf coast in this definitive book on swamp rats manno vividly recounts western expansion and the explosion of the american fur industry then he details an apocalyptic turn to replace an overhunted beaver population in north america humans introduced nutria with an eclectic repertoire of true stories that read like fiction and are played out by larger than life characters manno conveys the legend of empire seeking fur trappers the bizarre miscommunications that led to nutria releases and the sadness that comes with killing millions of nutria whose ancestors were never meant to leave their south american habitat he tells of disastrous interactions among hungry nutria storm surges from hurricane katrina and major oil spills his extensively researched and epic narrative accompanied by more than thirty photographs and entertaining interviews with biologists historians fashion designers and chefs weaves a poignant tale of empire conquest fortune and even tabasco sauce manno provides a full overview of what is currently known about nutria a species now aggressively hunted with a bounty program because of their reputation for wetland destruction

with this study karl f zender offers fresh readings of individual novels themes and motifs while also assessing the impact of recent politicized interpretations on our understanding of faulkner s achievement sympathetically acknowledging the need to decenter the canon zender s searching interrogation of current theory clears a breathing space for faulkner and his readers between the fustier remnants of new criticism and the excesses of post structuralism each chapter opens with a balanced presentation of the genuine gifts

contemporary theory has bestowed on our comprehension of a particular novel or problem in faulkner criticism and then proceeds with a groundbreaking reading the politics of incest challenges older psychoanalytic interpretations of faulkner s use of the incest motif and faulkner s privacy defends the novelist s difficulty or reticence as an aesthetic resistance against the rude candor of deregionalized and depersonalized culture subsequent chapters take up the volatile issues of faulkner s representations of women and of african americans and a close reading of the classic barn burning critiques the current tendency to blur the concepts of patriarchy and paternity the elegiac final chapter where is yoknapatawpha county draws on a comparison with john updike s pennsylvania fiction and a reading of joan williams s the wintering to explore faulkner s disinclination to represent the quotidian realities of southern life in his later novels zender shows that faulkner s stylistic withdrawal attempts to transform into beauty his alienation from the postwar world and his fear of aging that faulkner and the politics of reading itself recovers and gives new luster to faulkner s beauty will surely please in the author s words those readers for whom literature is less a mechanism of social change than a source of pleasure the originality of its critical vision will inspire faulkner scholars students of american literature and general readers

now back in print vereen m bell s the achievement of cormac mccarthy was the first critical book devoted to an author who would become one of the most celebrated american writers of the late twentieth and early twenty first century published in 1988 before mccarthy won the pulitzer prize and the national book award and had his novels adapted into acclaimed films bell s study offered the first systematic review of the author s work according to bell part of the difficulty of analyzing mccarthy s fiction is that the novelist by design works against all conventional ways of seeing and dealing with the world any formulaic readings particularly those associated with the traditional schemes of southern literature will be distorted mccarthy s novels are provocatively mysterious yet

specific and vivid as well they are also freestanding and unclassifiable bell shows how mccarthy transforms the world through language how he reconstitutes both urban and rural settings so that otherwise barely articulate and unheroic people live vividly in a context that is both modernist and antimodernist in this respect bell argues mccarthy s work is about the tension between visions of the world and the intractable opposing materiality of it between the mysteriousness of an individual s private engagement with experience and social normality s tendency to flatten it out at the same time bell shows mccarthy s infatuation with the reality of evil how the evil in human form in his novels is as inexplicably gratuitous and violent as the inhuman form of random and destructive natural events such violence for mccarthy is built into existence and cannot be evaded or rationalized away with detailed readings of mccarthy s first five novels the orchard keeper child of god outer dark suttree and blood meridian bell demonstrates the novelist s faith in the protean capacity of language to disclose the layered possibilities and richness of being widely cited by scholars bell s book established many of the foundational critical frameworks for approaching mccarthy s work it is now available in an affordable paperback edition

the new edition of the canonical text on the history and development of management thought far more than a chronicle of the historical development of modern management s many roots the newly released ninth edition of the evolution of management thought by daniel a wren and arthur g bedeian is a fascinating telling of how ideas about the nature of work the nature of human beings and the nature of organizations have changed throughout history its methodology is analytic synthetic and interdisciplinary it is analytic in that it examines the backgrounds experiences and beliefs of people who made significant contributions to management thinking it is synthetic in that it weaves developmental trends social movements and environmental forces into a conceptual framework for

understanding how management thinking has evolved within and across generations it is interdisciplinary in that it draws insights from economics history political science psychology and sociology to explain why management thinking has developed as it has the authors trace the intellectual history of modern management thought as an activity and as an academic discipline in a way that makes reading the evolution of management thought a thoroughly enjoyable encounter designed for upper level and graduate courses this new edition further cements the evolution of management thought s place as the standard text in the field of management history for more than half a century

principles of econometrics fifth edition is an introductory book for undergraduate students in economics and finance as well as first year graduate students in a variety of fields that include economics finance accounting marketing public policy sociology law and political science students will gain a working knowledge of basic econometrics so they can apply modeling estimation inference and forecasting techniques when working with real world economic problems readers will also gain an understanding of econometrics that allows them to critically evaluate the results of others economic research and modeling and that will serve as a foundation for further study of the field this new edition of the highly regarded econometrics text includes major revisions that both reorganize the content and present students with plentiful opportunities to practice what they have read in the form of chapter end exercises

the 2006 baseball america directory is the definitive reference guide for the upcoming season the directory features major minor and independent league schedules ballpark directions and how to get in touch with anyone in the game by phone fax or on the web from schedules to personnel to addresses to phone numbers and websites the directory is the guide to finding information in baseball from
