liberals seem to have hit upon a reverse christ story as their belief system he suffered and died for our sins liberals make the rest of us suffer for sins we didn t commit who are the victims here to hear liberals tell it you d think they do nothing but suffer at the hands of ruthless entities like the republican attack machine and fox news really it s just another instance of the big lie of course told so often that some people have actually started to believe it in guilty ann coulter explodes this myth to reveal that when it comes to bullying no one outdoes the left citing case after case ranging from the hilariously absurd to the shockingly vicious coulter dissects these so called victims who are invariably the oppressors for instance single mothers getting pregnant isn t like catching the flu there are volitional acts involved someone else explain it to dennis kucinich by this purposeful act single mothers cause irreparable harm to other human beings their own children as countless studies on the subject make clear the myth of the republican attack machine the most amazing thing liberals have done is create the myth of a compliant right wing media with republicans badgering baffled reporters into attacking democrats it s so mad it s brilliant it s one kind of lie to say the holocaust occurred when the swedes killed the jews but it s another kind of lie entirely to say the holocaust occurred when the jews killed the nazis brave liberals in addition to being beautiful compassionate tribunes of the downtrodden liberals are brave i know that because they re always telling me how brave they are why five nights a week msnbc s keith olbermann courageously books guests who completely

agree with him it doesn't get much braver than that. Obama's luck while Bush's Obama piously condemned attacks on candidates' families. His media and campaign surrogates ripped open the court-sealed divorce records of his two principal opponents in his senate race in Illinois. The offenders are offended. Republican senator George Allen's career was destroyed when he made a joking remark to a privileged Indian American harassing him at campaign stops. When did rich kids become a new protected category that must be shielded from words that are insulting in other languages? How did Sidarth become a specially anointed victim? What did we ever do to India and why didn't we ever hear about the far more offensive anti-semitic flyers of Allen's opponent Jim Webb? One essential and recurring truth about self-righteous liberals says Coulter is that they viciously attack all while wailing that they are the true victims. With guilty, a mordantly witty and shockingly specific catalog of offenses that liberals would rather we ignore and forget, Ann Coulter presents exhibits A through Z.

Though overall cancer incidence and mortality have continued to decline in recent years, cancer continues to devastate the lives of far too many Americans. In 2009 alone, 1.5 million American men, women, and children were diagnosed with cancer, and 562,000 died from the disease. There is a growing body of evidence linking environmental exposures to cancer. The Pres. Cancer Panel dedicated its 2008-2009 activities to examining the impact of environmental factors on cancer risk. The panel considered industrial, occupational, and agricultural exposures, as well as exposures related to medical practice, military activities, modern lifestyles, and natural sources. This report presents the panel's recommendations to mitigate or eliminate these barriers.

Universities are unlikely venues for grading bodies, beauty, poise, and style. Nonetheless, thousands of college women have sought not only college diplomas but campus beauty titles and tiaras throughout the twentieth century, and the cultural power of beauty pageants continues into the twenty-first. In *Queens of Academe*, Karen W. Tice asks how and why does higher education remain in the beauty and body business, and with what effects on student bodies and identities? Drawing on archival research and interviews, as well as hundreds of hours observing college pageants on predominantly black and white campuses, Tice argues the pageants help to illuminate the shifting iterations of class, race, religion, culture, sexuality, and gender braided into campus rituals and student life. Moving beyond a binary of objectification versus empowerment, Tice offers a nuanced analysis of the making of idealized

collegiate masculinities and femininities and the stylization of higher education itself
