as the number of passenger cars in the world increases daily so too does earth s supply of parking spaces in some cities parking lots cover more than one third of the metropolitan footprint but their design and function has not been rethought since the 1950s here urban designer eran ben joseph shares a different vision for parking s future aesthetically pleasing environmentally and architecturally responsible he provides a visual history of this often ignored urban space introducing us to some of the many alternative and nonparking purposes that parking lots have served he shows us parking lots that are lushly planted with trees and flowers and beautifully

integrated with the rest of the built environment with purposeful design ben joseph argues parking lots could be significant public places contributing as much to their communities as great boulevards parks or plazas from publisher description

Yeah, reviewing a ebook **Parking Lot** could build up your close contacts listings. This is just one of the solutions for you to be successful.
