domestic violence is a major public health concern affecting millions worldwide it is
underreported often devastating and sometimes ends in murder in toxic couples the
psychology of domestic violence anna motz integrates psychological and criminological data
with clinical illustrations and discussion of current high profile cases she examines the
complex manifestations and multiple causes of intimate partner violence motz disentangles the
roles played by those involved and examines the addictive nature of these damaging
partnerships the book describes various forms of abuse including physical sexual and
emotional and analyses how intimate partner violence can escalate to murder she explores
important factors including the role of addiction homelessness and vulnerability the
intergenerational transmission of abuse sadomasochistic relationships honour based violence
the book emphasizes the significance of female as well as male perpetrated violence and
outlines the powerful impact on the children of abusive parents extending the clinical
awareness of professionals working with those affected toxic couples the psychology of

domestic violence is ideal for clinicians working with the victims and perpetrators of intimate partner violence for students of psychology gender studies and social care courses and for anyone interested in the psychological forces behind violence in relationships

life isn't about finding yourself life is about creating yourself
