provides a wealth of experience based information and insights for owners of the new d780 camera darrell is determined to help the user navigate past the confusion that often comes with complex and powerful professional camera equipment p p this book explores the features and capabilities of the camera in a way that far surpasses the user s manual it guides readers through the camera features with step by step setting adjustments color illustrations and detailed how when and why explanations for each option every button dial switch and menu configuration setting is explored in a user friendly manner with suggestions for setup according to various shooting styles p p darrell s friendly and informative writing style allows readers to easily follow directions while feeling as if a friend dropped in to share his knowledge the information in this book goes beyond the camera itself and also covers basic photography technique p

bank recovery and resolution second edition sven schelo since 2008 enormous efforts have been made worldwide to draft rules to prevent a reoccurrence of the devastating financial events of that year in the process bank business has been laid open to intense public and government scrutiny and regulation of banking has grown to spectacular proportions prominent among the measures taken is the eu bank recovery and resolution directive brrd which together with the single resolution mechanism srm and the single resolution fund constitutes a crucial new pillar in the european banking union practitioners searching for orientation in what can readily be perceived as a jungle have an urgent need for a clear and systematic description and analysis of these new rules which are sure to have a massive impact on bank business from this time on not only in europe but also wherever european business is to be found the solidly grounded analysis in this important book sets the new rules under brrd into their full context as cross border phenomena with its crystal clear explanation of key provisions procedures and triggers the book organises a highly complex legal system into patterns and action plans that can be applied in virtually any eventuality likely to arise in cases where bank business is of central significance among the topics covered are the following entities covered by brrd exceptions under brrd objective and scope of brrd tools bail in bridge bank sale of business asset separation asset quality reviews curing or mitigating the continuing problem of non performing loans new rules as response to lack of private solutions banks requirement to provide a minimum amount of eligible liabilities safety

buffers to protect resolution need to be resolvable in a worst case leverage and liquidity ratios forced mergers market spillover effects of recovery planning group recovery planning effects of foreign law contracts and assets write down of capital instruments and special problems of cross border restructuring the presentation is enhanced by a comparative dimension which includes reference to united states and other national developments and a full scale analysis of switzerland s regulatory response to the crisis given that a full seamless global system of bank recovery and resolution has not yet been found and that major banks are global players headquartered in different jurisdictions and even different continents this book will greatly assist in the work of practitioners who must deal with cases involving international banking under the prevailing status quo its usefulness to officials and academics in international banking and finance law and policy who are working towards a global solution is of incalculable value

this is the first edited volume to bring together research on the interaction between language teacher identity and wellbeing it addresses the need for further research on the experience of language teachers and the vulnerability and resilience they demonstrate in the face of threats to their wellbeing naming describing and analyzing issues with a view to sensitively addressing them this book contributes to research as a social enterprise which can raise public consciousness of these issues exploring how language teacher identity influences and is influenced by wellbeing the chapters develop a theoretical and empirical understanding of this interaction using indigenous psychological critical and postmodern frameworks and the personal perspectives of teachers and researchers spanning a wide range of cultural and institutional contexts this book provides a wealth of insights for teacher learners practicing teachers and researchers

education is a paradoxical phenomenon on the one hand it is universal as since the period of enlightenment it has been declared universal good for everybody mo over we learnt by historical research following the ideas of world system theory that since this time as far as its main structures are concerned compulsory state education given by professional teachers in classrooms it took even universal traits however on the other hand the fact that education became state education organised or at least controlled by the state

was the beginning of another tradition line education in the form of state organised educational institutions became a means of creating national identity universal inclusion as for the light of reason shining for everybody is opposed to more or less nationalist exclusion of all the others shaping the feature of a particular nation state with a particular educational system this fundamental dialectical tension between the universal and the particular was one to the important motives to make this handbook one of the central issues of the country studies is precisely to display the relationship between universal values and the search for national identity another motive is given by the european dimension of the handbook

state failure takes many forms somalia offers one extreme a collapse of central authority as the outcome of a prolonged civil war where authority descends into competing factions warlords around the spoils of local commerce power and international aid at the other end of the scale is malawi under president bingu during his abbreviated second term in office the country's economy collapsed as a result of poor policies and personalised politics on the surface save the petrol queues it was stable underneath the polity was fractured and the economy broken between these two extremes of state failure are all manner of examples this book uses field work based case studies of more than thirty countries incorporating interviews with a dozen leaders to disaggregate various state failures and identify instances of recovery from latin america asia and africa including afghanistan congo sierra leone kosovo somalia and somaliland venezuela and zimbabwe while focusing on a key question how do countries recover and what roles are there for insiders and outsiders

provides legal examination of the armed conflict in iraq during the second gulf war that began in 2003 discusses legal issues associated with the initial decision to use armed force the manner in which force was employed the legal framework and evolution of military activities from invasion to occupation detention and counterinsurgency operations as well as policy and legal issues associated with the establishment of the rule of law and return of governance to the people of iraq

relations between the united states and south africa or the parts of the world these nations now occupy go nearly as far back as the very beginning of their inception as permanent european colonial intrusions this book is a critical overview of these relations from the late seventeenth century to the present unprecedented in its scope and supported by substantive and detailed notes together with an extensive bibliography chronology glossary and appendices the book distinguishes itself from extant works in a number of other ways set against the backdrop of a wider interdisciplinary exploration of both ideational and structural issues of historical context it not only gives attention to the importance of contributions from nonofficial actors in shaping official relations but also considers the impact of

the geo political location of south africa within southern africa where the presence of other nations particularly angola mozambique namibia and zimbabwe looms large methodologically written from the perspectives of both traditional narrative history and khaldunian interpretive historical analysis the book consequently sits at the interdisciplinary interstice of political economy and sociology where the aim is to advance our understanding of the braudelian interconnectedness of world history as an important diachronic determinant of the diplomacy of foreign relations written for both scholars and policy analysts this book s examination of the agency of the marginalized should also be of interest to activists and the reading public book jacket
