a lot of people think that if there is one style of music in the world that god hates it has got to be rap some have even gone so far as to call rap an unclean thing before the lord they don't believe something originally associated with so much evil can ever be redeemed for god's glory lots of other people love and accept rap as their preferred form of musical expression many of these who are christians can't imagine why god would have any issues with rap at least not with songs by believers that encourage and edify them in the faith who's right and maybe more importantly who cares you should and here's why in the past 30 years rap music has become a vital artistic and cultural force globally and it's showing no signs of slowing down like it or not you are probably exposed to rap in one form or another on a fairly regular basis if you're interested in this book you may be a believer in Jesus who likes rap a lot and as christians when we love something that is if you hadn't noticed closely associated with sin and rebellion our justification for being involved with it really does need to go beyond dude this is good stuff but maybe you're in a different category maybe you're a christian parent concerned that rap music may have a negative impact on your child maybe you're a youth pastor worried about having a rap concert at his church because of the potential pushback or maybe you're just a rap fan who is curious to see if there's even any biblical evidence for or against rap to put it simply if you've made it this far this book is probably for you does god listen to rap covers two areas first it presents a sociological history of the emergence and development of rap if you enjoy rap and hip hop culture you'll love this part of the book then the book explores the scriptures to bring some biblical not just personal or anecdotal resolution to the question of god and rap ultimately this involves a set of larger questions involving god and the arts this is more than just an apologetic for rap music this is a biblical way to think about how christians can be in the world yet not of the world and how they can express themselves to the glory of god so does god listen to rap come find out

singer songwriter post malone has die hard fans around the world readers will learn behind the scenes details about post s life including how he learned to play guitar what video game is his favorite and which causes he supports

mapungubwe institute for strategic reflection mistra was publicly launched as a think tank in march 2011 and took up the task of following a transdisciplinary approach to the research generated within the organisation the projects initiated by mistra integrate various streams of knowledge and expertise when examining complex issues such as nation formation economic growth social equity adaptable science and technology and other strategic topics related to south africa s development as a democracy serving in part as an intellectual movement and in part as a research institution activities are structured around diverse topics that require the opening up of intellectual space for strategic research and reflection specific but not exclusive to the african continent a project was launched the concept and application of transdisciplinarity in intellectual discourse and research the intent of the study was two fold in the first place the need for better theoretical understanding of a transdisciplinarity approach was identified as a necessity and in the second place mistra intended to apply transdisciplinarity towards the opening up of an african approach guided in part by the afrikology principles of the late professor dani nabudere by orientation transdisciplinarity is an approach that recognises a united and borderless intellectual terrain it is an attempt to formulate an integrative process of knowledge production and distribution in reaction to the twentieth century narrow discipline focus and hyper specialisation it responds to the multi layered challenges of diffused disciplines interlinked socio economic problems the impact of globalisation the de terretorialised nation state technological advancements environmental concerns agriculture and food security and health and it recognises that in history some of the most revolutionary breakthroughs in science and technology in fact happened on the margins of narrow disciplines
