fully revised second edition since breaking through bias was published in 2016 the metoo movement has exposed just how pervasive sexual harassment is in the workplace the

increase in public misogynistic comments has made clear that explicit gender bias is not a thing of the past and stay at home orders and school closings due to covid 19 have brought into even sharper focus the discriminatory impact of the unequal division of child care and household responsibilities between most couples in this second edition of *Breaking Through Bias* the authors kramer and harris explain how these recent developments fit into a larger pattern of implicit or unconscious gender bias that imposes serious obstacles to women's career advancement they argue persuasively however that while this bias is the result of deeply rooted gender stereotypes women can avoid or overcome its discriminatory consequences by the effective use of attuned gender communication to manage the impressions other people have of them kramer and harris illustrate the use of attuned gender communication in each of the contexts in which gender bias manifests itself negative bias women are not as talented as men benevolent bias women need men's support age bias older women are not effective workers motherhood bias women with children are not committed to their careers and self limiting bias women believing themselves not suited for particular roles drawing on decades of experience supervising training evaluating mentoring and sponsoring thousands of women as well as exhaustive social science research kramer and harris present in this updated and fully revised second edition unique practical and highly effective advice women can use to break through bias and achieve the career success they desire and deserve

bringing together scholars from art history visual studies and related disciplines this edited volume asks why trumpism looks the way it does and what that look means for american and global society grouped into six categories the essays in this volume tackle some of the most perplexing and urgent aspects of the trumpist visual project two of the most striking aspects of that project are its use of novel commodity forms including the iconic red baseball caps as well as its embrace of social media trump's outlandish persona and striking physicality have lent themselves to caricature both from his critics and perhaps more surprisingly his supporters that physicality as well as his movement's hearkening back to a mostly imagined era of mid twentieth century prosperity has also brought gender and the body into sharp focus perhaps second only to the aforementioned red hat is trumpism's vigorous use of interventions into public space including traditional campaign signs as well as flags and other ad hoc visual and architectural materials finally there were the

events of january 6 2021 when many of trumpism s most outré visual and cultural preoccupations exploded from the shadows onto television screens across the country taken as a whole the essays in this book examine trumpist visuality from the seemingly trivial to the starkly horrifying as well as offering a measured sense of the various resistances and responses that have characterized artistic responses to trump from the beginning of his prominence the book will be of interest to scholars working in art history visual culture american studies and cultural and media studies

based on interviews and archival research this book explores how media is implicated in black women s lives in britain from accounts of twentieth century activism and television representations to experiences of youtube and twitter sobande s analysis traverses tensions between digital culture s communal counter cultural and commercial qualities chapters 2 and 4 are available open access under a creative commons attribution 4 0 international license via link [springer.com](https://www.springer.com)

this volume is a theoretically informed comparative analysis of the telecommunications and information policy making process in two major developing economies china and india with a focus on how policies are made rather than what those policies are the book investigates how policy actors interact within institutional structures to define policy problems and identify potential solutions the authors explain the evolution of these policy making systems as the two countries liberalized their economies and opened their media and telecommunications systems to competition over the past two and a half decades with applications in numerous international contexts this book will be of interest to scholars and practitioners in public policy studies telecommunications business development economics political science asian studies and public administration
