this book investigates various dimensions of the economic conflicts between the us and other democratic market economy countries and state capitalist communist china in the past decade examining how differences in institutions and ideology bring these about through the lens of institutional analysis the book elaborates and explains the underlying institutional designs and reasons behind the disputes highlighting how such variances are embedded and reflect fundamental value divergences between china and other democratic countries this book will be of key interest to scholars students and practitioners in law economics political sciences international relations international organisations and global governance

the approaches of eu institutions and the us to democracy assistance often vary quite significantly as both actors choose different means and tactics the nuances in the understandings of democracy on the part of the eu and the us lead to their promotion of models of democratic governance that are often quite divergent and in some respects clashing this book examines the sources of this divergence and by focusing on the role of the actors democratic identity it aims to explain the observation that both actors use divergent strategies and instruments to foster democratic governance in third countries taking a constructivist view it demonstrates that the history expectations and experiences with democracy of each actor significantly inform their respective definition of democracy and thus the model of democracy they promote abroad this book will be of key interest to scholars students and practitioners in democracy promotion democratization political theory eu and us foreign policy and assistance and identity research

social justice is a concept which is widely touted and lauded as desirable yet its

meaning may differ depending on whether its focus is on the underlying values of social justice the more specific objectives these entail or the actual practices or policies which aim to achieve social justice in the current global political context we need to re examine what we mean by social justice and demonstrate that making a difference and contributing to human flourishing is more achievable than this context would suggest the book aims to increase our sense of being able to enact social justice by showcasing different ways of contributing to social justice and making a difference in different settings and different ways part 1 introduces a fluid and contextual approach to social justice part 2 examines social justice and faith perspectives such as christianity judaism islam and community organisations part 3 illustrates perspectives on children the family sport and local government part iv provides perspectives of social justice in education considering concepts of citizenship and social justice from a variety of contemporary perspectives everyday social justice and citizenship should be considered essential reading for academics and students from a range of social scientific disciplines with an interest in social justice as well as those working in education community work youth work and chaplaincy

how globalized information networks can be used for strategic advantage until recently globalization was viewed on balance as an inherently good thing that would benefit people and societies nearly everywhere now there is growing concern that some countries will use their position in globalized networks to gain undue influence over other societies through their dominance of information and financial networks a concept known as weaponized interdependence in exploring the conditions under which china russia and the united states might be expected to weaponize control of information and manipulate the global economy the contributors to this volume challenge scholars and practitioners to think differently about foreign economic policy national security and statecraft for the twenty first century the book addresses such questions as what areas of the global economy are most vulnerable to

unilateral control of information and financial networks how sustainable is the use of weaponized interdependence what are the possible responses from targeted actors and how sustainable is the open global economy if weaponized interdependence becomes a default tool for managing international relations
