culture journalist justin tinsley's *It Was All a Dream* is a deeply reported saga of the ephemeral yet colorful life of the notorious biggie. *USA Today* the Notorious B.I.G. was one of the most charismatic and talented artists of the 1990s. Born Christopher Wallace and raised in Clinton Hill, Brooklyn, Biggie lived an almost archetypal rap life: young trouble, drug dealing, guns, prison, a giant hit record, the wealth and international superstardom that came with it, then an early violent death. Biggie released his first record, *Ready to Die*, in 1994 when he was only 22. Less than three years later he was killed just days before the planned release of his second record, *Life After Death*. A fresh, insightful telling of the life beyond the legend, *It Was All a Dream* is based on extensive interviews with those who knew and loved Biggie, including neighbors, friends, DJs, party promoters, and journalists, and it places Biggie's life in context both within the history of rap but also the wider cultural and political forces that shaped him, including Caribbean immigration, the Reagan era disinvestment in public education, street life, the war on drugs, mass incarceration, and the booming creative and influential 1990s music industry. Justin Tinsley's biography is the story of where Biggie came from, the forces that shaped him, and the legacy he has left behind.

A young boy who moves to Cali and because he comes from a single mother family, he hates with a passion, asking his mother for money. Therefore, he finds an alternative way to make his own money the hard way. Before you know it, he has gotten way deeper than ever expected. He builds his own little drug empire. He finally gets in trouble but gets out in a way completely unimaginable. After this, he decides to turn his life around and focus his money making skim into something legal. He starts his own three individual private companies. He sells millions before having a life-changing accident which completely turns his entire life around.

Published to coincide with the hundredth anniversary of his birth, the first major study of Malcolm X's influence in the sixty years since his assassination, exploring his enduring impact on culture, politics, and civil rights, Malcolm X has become as much of an American icon as Abraham Lincoln, John F. Kennedy, or Martin Luther King. But when he was murdered in 1965, he was still seen as a dangerous outsider. White America found him alienating; mainstream African Americans found him divisive; and even his admirers found him bravely radical. Although Ossie Davis famously eulogized Malcolm X as our own Black Shining Prince, he never received the mainstream acceptance toward which he seemed to be striving. In his final year, it is more in death than in his life that Malcolm X's influence has blossomed and come to leave a deep imprint on the cultural landscape of America. With impeccable research and original reporting, Mark Whitaker tells the story of Malcolm X's far-reaching posthumous legacy. It stretches from founders of the Black Power movement such as Stokely Carmichael and Huey Newton to hip-hop pioneers such as Public Enemy and Tupac Shakur; leaders of the Black Arts and Free Jazz movements from Amiri Baraka to Maya Angelou, August Wilson, and John Coltrane; credited their political awakening to Malcolm X; as did some of the most influential athletes of our time from Muhammad Ali to Kareem Abdul Jabbar, and beyond. Spike Lee's movie biopic and the Black Lives Matter movement reintroduced Malcolm to subsequent generations across the political spectrum. He has been cited as a formative influence by both Barack Obama, who venerated Malcolm's unadorned insistence on respect, and Clarence Thomas, who was drawn to Malcolm's messages of self-improvement.

and economic self help in compelling new detail whitaker also retraces the long road to exoneration for two men wrongfully convicted of malcolm s murder making the afterlife of malcolm x essential reading for anyone interested in true crime american politics culture and history
