national bestseller a powerful in depth look at the imprisonment of immigrants addressing the intersection of immigration and the criminal justice system with a new epilogue by the author argues compellingly that immigrant advocates shouldn t content themselves with debates about how many thousands of immigrants to lock up or other minor tweaks gus bova texas observer for most of america s history we simply did not lock people up for migrating here yet over the last thirty years the federal and state governments have increasingly tapped their powers to incarcerate people accused of violating immigration laws migrating to prison takes a hard look at the immigration prison system s origins how it currently operates and why a leading voice for

immigration reform César Cuauhtémoc García Hernández explores the emergence of immigration imprisonment in the mid 1980s and looks at both the outsized presence of private prisons and how those on the political right continue disingenuously to link immigration imprisonment with national security risks and threats to the rule of law now with an epilogue that brings it into the Biden administration migrating to prison is an urgent call for the abolition of immigration prisons and a radical reimagining of who belongs in the United States

In America's early days most immigrants entered America through New York for many New York was synonymous with America and the American dream itself a beacon of hope for the rest of the world now for the first time ever people are fleeing New York by the millions plagued by high taxes big government excessive regulations and other obstacles to liberty there are few reasons for one to want to remain in the state under Governor Andrew Cuomo's leadership and in New York City which houses nearly half of the state's population Mayor Bill de Blasio has been doing everything in his power to accelerate the decline and bring the city back to its pre-Rudy Giuliani days

Civil War in the United States is now a mainstream topic due to apparent signs of ongoing planning this book reveals why in several ways first four major ideological drivers of possible conflict are identified next ten arenas of ongoing nonviolent civil war are traced as increasingly for micro level violence then several dozen alternative scenarios are traced to explain how civil war could break out very soon finally measures are delineated about how the country might prevent calamity anarchists Christian nationalists libertarians and triumphalists are determined to impose their views on the diverse nation and reduce opponents to second class status they demonstrate their blatant determination through nonviolent political contests involving conspiracy theories cultural differences verbal contestation anti elitism racism well armed groups with nationwide membership political demonization media disinformation congressional hyperpartisanship reducing constitutional rights and legal fights by some states against others but often they go beyond and commit violence out of sheer enjoyment in making opponents suffer beyond polarized American democracy from mass society to coups and civil war suggests remedies for each of ten types of nonviolent civil war but most are long term solutions that cannot deal with an imminent threat accordingly the book reviews governmental and military resources as well as efforts to counteract the ideological contest through political innovations the analysis flows from the sociological mass society paradigm which argues that democracy's survival depends upon the ability of civil society to relay the needs of the people to institutions of government and provide effective pressure for corrective action as developed to explain the rise of Nazism in Germany the analysis applies lessons from studies of coups and civil wars to identify how to prevent the loss of democracy in the United States

reproduction of the original

we are living in a rapidly changing culture since the 1960s the changes in our sexual ethics have become increasingly problematic how are people especially evangelicals and other conservative christians supposed to respond does the bible address these seismic changes how is a believer supposed to raise a family in the cultural chaos of the twenty first century if you have asked any of these questions before then this book is for you peterson argues forcefully that the changes in our culture are a direct result of a postmodern and post christian cultural rejection of the mandates established by god in the opening two chapters of genesis the reason western culture is imploding morally is directly connected to the enemy s undoing of each of the genesis mandates established by god for human and cultural flourishing with western culture s rejection or undoing of every one of god s mandates in genesis is there any hope for the survival of once thriving judeo christian cultures peterson tackles these and many other issues in a forthright and unreserved manner this book is not for the faint of heart it is a call for a return to cultural sanity rooted in the fear of god and his word
